# 04 CHAIRMAN'S LETTER

# CHAIRMAN'S LETTER

2016 was a successful year for BLC Bank despite challenging macroeconomic conditions. Good results were achieved at the level of both the balance sheet growth and profitability and we never lost sight of the very reasons for which we always strive for better: to serve our clients and community and insure sustainable returns to our shareholders.

This is illustrated by the Bank's Consolidated Net Income that reached \$47.3 million in 2016 which is 7% above 2015's results. Furthermore, the growth in Consolidated Total Deposits increased by 2.4% in 2016, thus settling at \$4.7 billion, compared to \$4.6 billion as of December 31, 2015.

We pursued, during the past year, our mission by building upon the attributes that have led us this far: Professionalism, Innovation, Excellence and Technology.

As one of the country's leading banks when it comes to supporting SMEs, we have maintained a significant market share in 2016 as a result of a decade of support

to this strategic axis by our Bank, in firm belief that this segment constitutes the backbone of our economy. Through tailor-made products and services that serve their financial growth or initiatives that support them non-financially, we have strived to give them and the ecosystem innovative tools for growth, becoming hence an active actor of change and a major contributor to the Lebanese economy.

BLC Bank also reaffirmed during 2016 its position as the leader in the economic empowerment of women through the We Initiative as the program received this year again new awards from the American Chamber of Commerce, CPI Financial and the Global Banking Alliance for Women.

As a worldwide reference in women economic empowerment, the Bank is now the subject of several publications and case studies by different reputable institutions such as the International Finance Corporation, the Global Banking Alliance for Women as well as Oxford University's Saïd Business School. We also act as influencers for a more inclusive

world by chairing for a second mandate the GBA and becoming part of the United Nations WEPs Leadership Group, as the sole representation from the Middle East out of the 35 members worldwide.

The radical transformation BLC Bank has undergone over the past years did not go unnoticed since we earned this year the CPI Financials award for Best Business Transformation.

As we look forward to 2017 and beyond, BLC Bank will maintain its positioning on these strategic axis to deliver what matters, and more, to its stakeholders.

This was made possible thanks to the contribution of each and every BLC Bank team member. Your dedication and faith in the project that we carry makes our difference and our success. I would like to thank you all for your continued efforts.

## 1. ROLE OF THE BOARD OF DIRECTORS

---

The Board of Directors is entrusted with the duty of ensuring the proper management of the Bank in the best interest of its shareholders, depositors and other stakeholders, in accordance with applicable laws and regulations.

This duty is not subject to any delegation and is proper to the Board who shall assume the final responsibility towards the shareholders and all stakeholders regardless of whether the Board constitutes special committees or empowers other persons or entities to undertake specific tasks or responsibilities. The members of the Board are made aware of the text of laws related to the civil and criminal responsibilities that they will assume while carrying out their duties.

## 2. MEETINGS OF THE BOARD OF DIRECTORS

---

The Board of Directors recognizes the importance of implementing sound corporate governance policies and has taken the necessary actions to comply with the new requirements of the Central Bank.

During the year 2016, in fulfilling its overall duties, the Board of Directors met twelve times and took several decisions, inter alia:

- Election of a Chairman of the Board, a Deputy Chairman and Assistant General Managers.
- Assignment of a Chief Risk Officer and a Chief Internal Auditor.
- Issuance of 60 million ordinary shares and the increase of BLC Bank Capital.
- Approval of amendments in the General Credit Policy and the Manual of Anti Money Laundering.

## 3. COMPOSITION OF THE BOARD OF DIRECTORS DURING 2016 UNTIL TODAY

---

- Executive/Non-Independent members: three
- Non-Executive and Independent members: two
- Non-Executive and Non-Independent members: seven

## 4. BIOGRAPHIES

### **Mr. Maurice Sehnaoui Chairman General Manager**

With over 30 years of visionary leadership, Maurice Sehnaoui, is a pioneer in the Lebanese Banking Sector and a major contributor to the Lebanese economy with his commitment to support the pillars that lay the foundation for socio-economic development such as SMEs, women and corporate social responsibility. He was a former Minister of Energy and Water from 2004 to 2005. He is on the Board

in a number of companies and owns a large real estate portfolio including select buildings in the Beirut City Center. Mr. Sehnaoui is the Chairman of the Board of Directors and General Manager of BLC Bank SAL since 2008. His bold and dynamic strategic direction led the Bank to become an Alpha Bank in less than 5 years. Born in 1943, he holds a degree in Economics from the Saint Joseph University of Beirut. He is Chevalier of the French “Legion d’Honneur” and Officer of the French “Ordre National du Mérite”.

where she occupied several positions within the corporate banking group. Born in 1980, Ms. Karam Holds a Masters degree in Law from Saint-Joseph University (2001) and a Diplôme de Sciences-Po from the Institut d'Études Politiques de Paris (2003).

## 5. CHANGES IN THE COMPOSITION DURING 2016

---

Ms. Youmna Ziade was elected as a Non-Executive Director in June 2016.

## 6. CLASSIFICATION CRITERIA FOR DETERMINING NON-EXECUTIVE DIRECTORS

---

A non-executive Board member is the one who:

- a. has no executive function at the Bank;
- b. is not assigned with any executive tasks in the Bank or at any of its subsidiaries in Lebanon or abroad;
- c. does not currently perform any consultative work to the “Executive Senior Management” or has not carried out any assignment during the past two (2) years preceding his/her nomination as a board member.

NOTA : Under the terms of BDL circular 118, a Board Member, who is nominated at any of the Bank’s foreign subsidiaries, will not be considered “Executive” in case the laws in the foreign country where this subsidiary operates, does not consider him as an executive member.

## 7. CLASSIFICATION CRITERIA FOR DETERMINING INDEPENDENT DIRECTORS

---

An independent Board member is the one who meets all of the following characteristics:

- a. is a Non-Executive Board Member.
- b. is not one of the major shareholders who own, directly or indirectly, more than 5% of the Bank’s total shares or voting rights related to these shares; whichever is greater.
- c. is independent of any person from the Bank’s “Executive Senior Management” and of its major shareholders in the sense that there is no work relationship with anyone of them currently or during the past two years preceding his/her nomination as a Board member.
- d. has no family-relationship with any of the major shareholders until the fourth degree.
- e. is not any of the Bank’s debtors.

## 8. RESPONSIBILITIES OF THE CHAIRMAN OF THE BOARD

---

As per the Lebanese law, the Chairman of the Board is also the General Manager. The Chairman provides leadership to the Board and is responsible for the Board's effective overall functioning. He shall ensure that Board decisions are taken on a sound and well-informed basis and should encourage and promote critical discussion and ensure that dissenting views can be expressed and discussed within the decision making process. The Chairman is responsible for implementing the Board’s decisions and overseeing the daily business of the Bank. He may delegate all or part of his powers to the Deputy Chairman. Also, the Chairman may suggest to the Board the appointment of one or more General Manager(s) and grant them powers to that effect, who shall act for account and under the full responsibility of the Chairman.

# COMMITTEES

In the context of sound Corporate Governance principles as stipulated by the Central Bank basic circular 106 and the Organization for Economic Co-Operation and Development guidelines, the Bank has established two levels of committees:

## A - BOARD COMMITTEES

The Board of Directors has established the following committees in order to assist the board in discharging its responsibilities:

### EXECUTIVE COMMITTEE

#### ***Composition and service of the members of the Committee during 2016 until today:***

1. Chairman & General Manager (Chairperson - Voting) | Maurice Sehnaoui | Member since 2008
2. Deputy Chairman & General Manager (Voting) | Nadim Kassar | Member since 2008
3. Executive Board Member (Voting) | Mansour Bteish | Member since 2008

#### ***Purpose of the Committee:***

The Executive Committee is the highest executive body in the Bank assigned by the BOD. It ensures that all directives of the Board are duly executed, that the Board is well informed on the activities of the Bank, and that the Board is duly asked to authorize all sorts of decisions falling within its mandate.

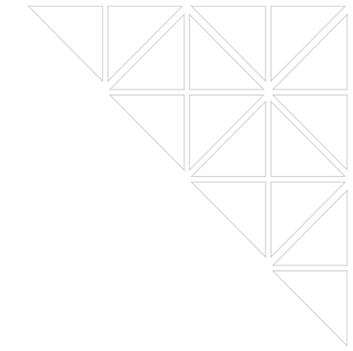

### AUDIT COMMITTEE

#### ***Composition and service of the members of the Committee during 2016 until today:***

1. Independent Board Member (Chairperson –Voting) | Henri de Courtivron | Member since 2014
2. Non-Executive Board Member (Voting) | Walid Daouk | Member since 2008
3. Non-Executive Board Member (Voting) | Nabil Kassar | Member since 2008
4. Non-Executive Board Member (Voting) | Walid Ziade | Member since 2008
5. Chief Audit Officer (Non-voting) | Jean Chamoun

#### ***Purpose of the Committee:***

The Audit Committee assists the Board of Directors in fulfilling its duties towards shareholders especially in making sure that the Bank is adequately run as per the policies and procedures endorsed by the Board and in full compliance with existing rules and regulations especially those stipulated by the Central Bank (BDL) and the Bank Control Commission (BCC).

## RISK MANAGEMENT COMMITTEE

### *Composition and service of the members of the Committee during 2016 until today:*

1. Executive Board Member (Chairperson – Voting) | Nazem El-Khoury | Member since 2013
2. Deputy Chairman & General Manager (Voting) | Nadim Kassar | Member since 2015
3. Executive Board Member (Voting) | Mansour Bteish | Member since 2013
4. Non-Executive Board Member (Voting) | Walid Daouk | Member since 2008
5. Group Chief Risk Officer – Fransabank (Non-voting) | Mona Khoury
6. Chief Risk Officer (Non-voting) | Carlos Lebbos

### ***Purpose of the Committee:***

The Risk Management Committee assists the Board of Directors in maintaining an adequate risk management framework and in monitoring the risk profile of the organization making sure that it is commensurate with the risk tolerance set forth by the board of directors.

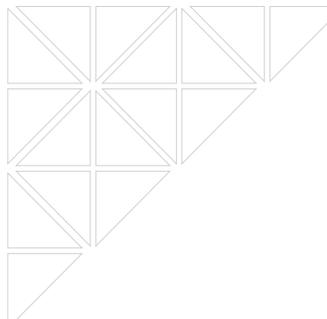

## CORPORATE GOVERNANCE COMMITTEE

### *Composition and service of the members of the Committee during 2016 until today:*

1. Independent board member (Chairperson- Voting) | Ziyad Baroud | Member since 2014
2. Independent board member (Voting) | Henri de Courtivron | Member since 2014
3. Non-Executive board member (Voting) | Walid Daouk | Member since 2014
4. Non-Executive board member (Voting) | Walid Ziade | Member since 2014

### ***Purpose of the Committee:***

The Corporate Governance Committee promotes the fair and transparent relationship between the Bank, its Management, its Board of Directors, its Shareholders, customers, employees and any other Stakeholder.

## BOARD CREDIT COMMITTEE

### ***Composition and service of the members of the Committee during 2016 until today:***

1. Chairman & General Manager (Chairperson- Voting) | Maurice Sehnaoui | Member since 2013
2. Executive Board Member, (DCGM Fransabank) (Voting) | Adel Kassar | Member since 2013
3. Deputy Chairman & General Manager (Voting) | Nadim Kassar | Member since 2013
4. Executive Board Member (Voting) | Mansour Bteish | Member since 2013
5. Assistant General Manager - Head of Corporate Banking Group (Non-voting) | Joe Baddour

### ***Purpose of the Committee:***

The Board Credit Committee and by virtue of a delegation from the BOD is entitled to approve, upgrade, downgrade, transfer to recovery, or transferring to the legal desk all credit lines having a weighted risk exceeding 5.0 million USD in compliance with the General Credit Policy of the Bank.

## REMUNERATION COMMITTEE

### ***Composition and service of the members of the Committee during 2016 until today:***

1. Independent board member (Chairperson- Voting) | Ziyad Baroud | Member since 2014
2. Independent board member (Voting) | Henri de Courtivron | Member since 2014
3. Non-Executive board member (Voting) | Walid Daouk | Member since 2014
4. Non-Executive board member (Voting) | Walid Ziade | Member since 2014

### ***Purpose of the Committee:***

The Remuneration Committee assists the Board of Directors with respect to matters related to remuneration policies and procedures with a special focus on the remuneration policy of Senior Executive Management and incentive programs.

## B- MANAGEMENT COMMITTEES

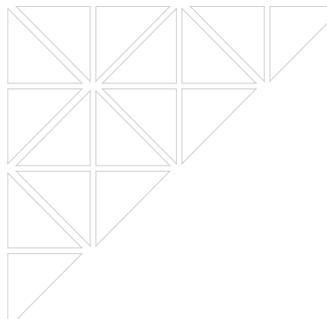

The Management committees are executive in nature aiming mainly at insuring a balanced approach to running the institution avoiding excessive concentration of power in individuals or functions.

# ORGANIZATION CHART

# LOANS TO RELATED PARTIES

BLC Bank has adopted a policy on Credits to Related Parties to comply with Article # 152 of the Code of Money and Credit, BDL Circular # 132 and the Corporate Governance Code; this policy is approved by the Corporate Governance Committee and the Board of Directors.

***For the purposes of this policy related parties are defined as:***

**1.** The Shareholders or Connected Group of Shareholders owning, directly or indirectly, at least 5% of shares or voting rights in BLC Bank or less than 5% in case they have an influence due to the size of other shareholdings.

**2.** The Board Members in BLC Bank, in Subsidiaries in Lebanon and abroad, or in entities owning at least 20% of shares or voting rights in BLC Bank or less than 20% in case they have an influence due to the size of other shareholdings.

**3.** The General Managers, Deputy General Managers, Assistant General Managers, Principle Managers (such as Managers of Financial Control, Credits, Treasury...), Risk Manager, Compliance Manager and Internal Audit Manager as in point 2 above. For this category, the first housing loan for acquiring a principal residence, the car loan for one time every 5 years and the Charge cards are not considered as credits to related parties.

**4.** The family members of all above (parents, children, brothers and sisters) if they are depending from them.

**5.** The Companies owned directly or indirectly by the above starting a shareholding or voting rights from 20%, or less if they have a significant influence.

**6.** The individuals or companies guaranteed by any of the above.

**7.** The subsidiaries and associates in Lebanon or abroad excluding banks and financial institutions.

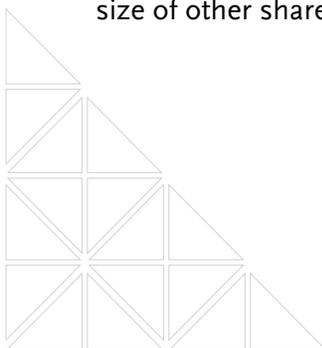

By delegation from the Board of Directors, the Board Credit Committee approves Credits to Related Parties up to an aggregate amount of 1% of consolidated Tier 1 of BLC bank Group in Lebanon after deduction of participations in Abroad Banks and Financial Institutions.

The Board of Directors shall approve the Credits to Related Parties in excess of the above 1% threshold and up to an aggregate amount of 2% of consolidated Tier 1 of BLC Bank Group in Lebanon after deduction of participations in Abroad Banks and Financial Institutions. These credits in excess of the above 1% threshold are subject to a preapproval from the shareholders assembly and should be covered with tangible guarantees or bank guarantee or a guarantee from a financial institution in Lebanon.

Where a member of the Board Credit Committee or the Board of Directors is a related party to a transaction submitted for review, he/she should declare his/her interest and should be excused from participating in the review and approval process.

In determining whether to approve, ratify, or reject a Credit to Related Party, the Board Credit Committee or the Board of Directors, as appropriate, shall take into account, among other factors whether the Credit is entered into on terms no less favorable to the Bank than the terms generally available to a non-related party under the same or similar circumstances.

The total credit exposure to related parties is within the regulatory limits as at 31/12/2016.

# 27 INTERNAL CONTROL

28 RISK MANAGEMENT

29 INTERNAL AUDIT

30 COMPLIANCE

# RISK MANAGEMENT

The main functions of the Risk Management at BLC Bank are divided amongst the “Credit Risk”, the “Market & Liquidity Risks”, the “Governance & Risk Reporting”, the “Operational Risk” and the “Information Security”:

## CREDIT RISK

The Credit Risk function is responsible for preparing & updating bank’s policies related mainly to Credit, Internal Rating and Capital Markets, and insuring their accurate implementation and compliance with the regulatory requirements & Basel directives. This function is in charge of monitoring the credit portfolio through preparing periodic reports to cater for concentration risk & clients’ arrears, as well as reviewing loss events and issuing corrective actions and conducting Stress Tests. On the other hand, this function monitors margin trading for securities and derivatives transactions conducted on behalf of clients.

The Credit Risk function assesses the various banks’ products & issues recommendation regarding their performance, profitability and implementation.

Also, it is responsible for the administration, control of internal credit rating and trend analysis.

## MARKET & LIQUIDITY RISKS

The Market & Liquidity Risks function maintains a framework for managing financial risks in accordance with Basel requirements and local regulations. This function manages various risks that the Bank is exposed to such as liquidity, interest rate risks, and foreign currency risk relating to the proprietary securities portfolio of the Bank. The function is also assessing contingency plans for stressful conditions affecting liquidity, earnings and capital and it assists in monitoring the capital adequacy ratio of the Bank and makes recommendations in respect thereof.

## GOVERNANCE & RISK REPORTING

The Governance & Risk Reporting function is responsible for preparing and updating bank’s policies mainly related to Corporate Governance, Credits to Related Parties, Stress Tests and Impairment under IFRS 9 and insuring their accurate implementation. This function is in charge of preparing the Consolidated Risk Management Report, the Internal; Capital Adequacy Assessment, the Benchmarking Analysis and other portfolio management reports.

It is also responsible for the follow up and implementation of Basel & the Regulator’s requirements and directives.

## OPERATIONAL RISK

The Operational Risks function has the responsibility of progressively integrating the Bank’s business lines into the Bank’s Operational Risk Management framework. The function has procedures for loss data collection and reporting of current incidents. It analyses the data and incidents and follows up on the implementation of actions. It ensures as well that reported issues include sufficient information to assist Management in the decision making process. Worth noting that critical matters are escalated immediately to Management; this ensures quick decisions and corrective actions accordingly.

The Operational Risks function has set a primary goal to continuously train the Bank’s employees to apply the standard procedures of the incidents reporting system as its effectiveness depends on the collaboration of the various business units of the Bank.

In addition, the ORM developed a risk and control self-assessment framework to

identify, assess, and analyse in coordination with the business lines, inherent risks in the Bank’s processes taking into consideration the controls in place.

Moreover, the Operational risk developed business continuity plans for critical business processes during adverse events.

## INFORMATION SECURITY

The Information Security function is responsible for protecting the integrity, confidentiality and availability of information, its supporting processes, systems and networks from various external and internal threats.

The function works on achieving its objectives by promoting an information security culture across the Bank through an information security awareness program, setting security policies and procedures and overseeing their proper implementation, putting in place manual and automated controls to mitigate IT risks, and investigating incidents making sure that measures are taken to prevent their reoccurrence.

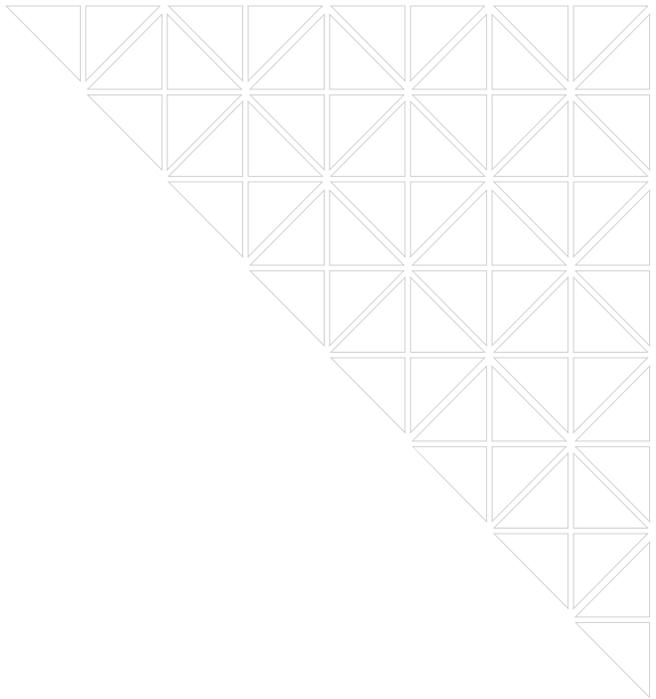

The Information Security function also covers the disaster recovery aspect of the business continuity plans.

# INTERNAL AUDIT

## OVERVIEW

The Internal Audit Group at the Bank is an independent, objective and consulting function. The audit team was established within the Bank to examine and evaluate the activities of the Bank and assess whether the latter's operations are conducted in accordance with the Standard Operating Procedures, the applicable Laws, Regulations, and International Standards.

The Internal Audit Group has adopted a risk-based approach that focuses on the key business risks. This approach entails assessing the risk of the Bank's auditable universe and then including it in the annual audit plan based on a risk scoring mechanism. The Internal Audit Group has also developed an Internal Audit Methodology that governs the procedures followed while performing the internal audit work. The methodology ensures a high-level standard of internal audit work that helps the Bank accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

# COMPLIANCE

## OVERVIEW

Compliance is a prevalent business concern because of an ever-increasing number of regulations that require banks and financial institutions to be vigilant about maintaining a full understanding of their regulatory compliance environment.

While Management is the owner of compliance to foster the adequate enterprise-wide culture, compliance remains everyone's responsibility within the Bank.

The Bank is committed to conduct business in conformity with the highest ethical standards and in adherence with the local laws and regulations as well as applicable international standards.

The Bank maintains adequate measures including policies and procedures sufficient to ensure compliance of the Bank and stakeholders with the obligations under the regulatory system in which the Bank operates and for managing and addressing the financial crimes and risks that the Bank may encounter. The effective management of compliance risks within BLC Group depends heavily on the high level of cooperation between the Compliance and relevant business and support functions with regard to the timely exchange of information and follow-up on corrective actions.

## COMPLIANCE ROLE AND RESPONSIBILITIES

BLC Bank has an independent compliance function - Compliance Group - that is responsible for setting the compliance framework for ensuring that the Group business and support functions comply with applicable laws, regulations, standards and internal policies and for providing advice on mitigating key compliance risks. The head of Compliance reports directly to the Board of Directors and the General Manager. The role and responsibilities of the compliance function can be summarized as follows:

- Manage the compliance risks faced by different business and support functions within BLC Bank Group.
- Advise Board of Directors, Management and relevant Bank functions on applicable laws and regulations and ensure follow-up on proper handling and compliance.
- Ensure the proper implementation of Anti Money Laundering (AML) and Combating Financing of Terrorism (CFT) policies and procedures.
- Ensure compliance with the tax reporting laws and requirements
- Ensure compliance with applicable sanctions requirements.

- Ensure that a compliance training and education program is in place to promote an appropriate compliance culture, awareness and understanding of compliance standards, procedures and guidelines and of compliance-relevant issues.
- Ensure that protection of data confidentiality and avoidance of conflict of interest are respected.
- Promote and engage in ethical conduct.
- Ensure the presence and efficiency of a whistle blowing policy and procedure.

## COMPLIANCE CHARTER

In line with basic BDL circular 128, BLC Bank has established a Compliance function that comprises:

- A Legal Compliance unit in charge of identifying and preventing legal and regulatory risks.
- An Anti-Money Laundering (AML) / Combating Financing of Terrorism (CFT) Compliance unit in charge of verifying compliance with AML/CFT procedures, laws and regulations in force.

Compliance shall exert its activities and responsibilities under the direct supervision of the General Manager. Compliance submits periodic reports that outline the departmental performance, suspicious cases, and violations in addition to corrective actions taken in accordance with the instructions of the Compliance and AML/CFT policies in force to Senior Management, and a dedicated Board Compliance and AML/CFT Committee.

## ANTI-MONEY LAUNDERING/COMBATTING THE FINANCING OF TERRORISM (AML/CFT)

The evolution of the banking industry leveraged by a remarkable advance in modern technology raised the bar of the challenges that the financial industry is facing with money laundering activities and the financing of terrorism. In this regard, BLC Bank Group has developed an AML/CFT Policy aiming at setting, within the Group, the essential standards for preventing the misuse of its facilities for the laundering of money or for the purpose of financing terrorist activities. BLC Bank is committed to full compliance with all applicable international and local laws and requirements related to the prevention of money laundering and terrorist financing.

***The Policy's essential standards are as follows:***

**• Promoting a Know Your Customer (KYC) practice as a cornerstone principle for BLC Bank Group business ethics and practices:**

- Gathering and documenting relevant customer identification data, along with the background information and the purpose of the transaction prior to any transaction of any type.
- Applying a risk based approach in dealing with customers and consequently retaining

and documenting customer due diligence information relevant to each customer's AML/CFT risk level.

**• Applying due diligence measures while establishing and maintaining correspondent relations:**

- Determining from publicly available sources of information the reputation of a respondent institution including whether the institution itself or any of its major shareholders or executives has been subject to a money laundering or terrorist financing investigation or other regulatory action.
- Assessing the respondent institution's anti-money laundering and combating financing of terrorism policies and systems on a periodic basis.

**• Monitoring and Reporting Suspicious Transactions/Activity:**

- Promoting a culture of vigilance whereby all bank employees are diligent in monitoring unusual or suspicious transactions or activities and duly reporting those activities to the compliance function of the bank as per applicable procedures.
- Instating detailed escalation procedures to ensure full transparency vis-à-vis both the Compliance function of the Bank, the

Compliance Committee, and the Special Investigation Commission (SIC) when needed.

- Protection of the Bank's staff and delegates reporting suspicious transactions or activity who may not be prosecuted or sued, neither collectively nor individually, for any civil or criminal liability related to the discharging of their duties, including offences specified by the Banking Secrecy Law of September 1956 ,3, except in case this secrecy is disclosed.
- Commitment of the Bank's General Management to address the legitimate communication of unusual or suspicious activity and ensure employee confidentiality.

**• Trainings and awareness sessions:**

- Promoting an adequate compliance culture through focused training on the compliance concepts and the risks and pitfalls that might face the Bank in case those concepts are not duly observed.
- Attending and delivering regular AML/CFT trainings, awareness sessions, inductions and workshops to existing and new employees.
- Considering this responsibility as a shared one as it lies on the shoulders of Top Management at the first place, the Compliance function, the Human Resources, and the Bank employees.

# **32 CUSTOMER CARE AND QUALITY ASSURANCE**

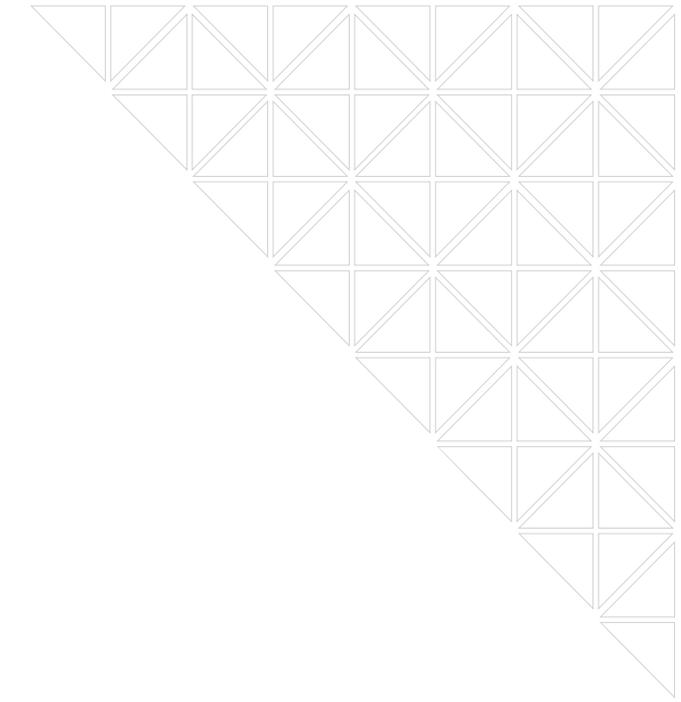

## CUSTOMER CARE AND QUALITY ASSURANCE

Customer Care & Quality Assurance Group was established in 2015 reporting directly to the General Manager after merging the Quality Assurance function (created in 2012) in compliance with the requirements of BDL Circular 134 & BCC Circular 281.

Quality Assurance is responsible for the implementation and monitoring of the Quality system throughout the Bank (Internal & External Mystery Shopping Programs, Satisfaction Surveys, NPS Survey, Customer Experience, Premises Control,.....) participates in the implementation of improvement actions and drafting of the Standard Operating Policies SOPs where applicable, as well as contributes in the training program and intervenes when necessary.

The Quality program revolves around the following goals: Deliver our products and services on time, right from the first time and better every time.

The Group is also responsible for managing and handling clients' complaints (272 complaints were received and solved in 2016) in compliance with BDL Circular 134: Transparency, Accessibility, Equality, and Turn-around-Time.

# 34 BLC BANK ACHIEVEMENTS

35 ACHIEVEMENTS ACROSS ALL GROUPS

36 CORPORATE SOCIAL  
RESPONSIBILITY ACHIEVEMENTS

## ACHIEVEMENTS ACROSS ALL GROUPS

BLC Bank has confirmed its positioning among the leading banks of the Lebanese banking sector in 2016 and its identity of a dynamic and innovative bank, leader in serving the SME's and women's markets. This contributed to good results that were registered for both the balance sheet and the profit and loss statements.

Total consolidated deposits stood at \$4.7 billion with an increase of 2.4% in comparison with 2015 while total consolidated assets stood at \$5.7 billion, a stable number since 2015 due to the closure of many BDL lines during 2016. As for consolidated customer loans, they reached \$1.9 billion. However, it is worth noting that the growth scored by BLC Bank in the Lebanese market was at 2.7% on deposits. The capital adequacy ratio reached 16.3% compared to a regulatory requirement of 14% as at December 31, 2016 reflecting the solidity of its capital structure and growth potential.

By the end of 2016, net income had reached \$47.3 million on a consolidated basis representing an increase of 7.3% as compared to 2015.

BLC Bank's net interest spread had reached 2.17%, standing among the best in the sector.

Regarding our cross-border activities in Cyprus, USB is still witnessing a capital adequacy ratio of 14.3% despite the challenging economic situation and rises above the required 12.25%. As far as liquidity is concerned, USB maintained a healthy liquidity ratio of 30% and 84%, above the 20% and 70% regulatory required ratio in Euro and in foreign currencies respectively.

The past year brought again its lot of achievements:

- We have been reelected for a second 2 year mandate as Chair of the Global Banking Alliance for Women
- BLC Bank joined UN Women Empowerment Principles Leadership Group as the only representation of MENA
- In recognition of its flagship role in the fight for women economic empowerment, the Bank won numerous awards including « Best Bank supporting women owned and women led businesses in 2015» by the American Chamber of Commerce and « Best Female Empowerment» by CPI

Financial – The Banker Middle East .

- The fifth edition of the Brilliant Lebanese Award established the Bank as a reference in supporting female entrepreneurs as well as small and medium enterprises.
- The ongoing renovation of its branches across Lebanon.

BLC Bank's dynamism as well as the latest synergies with Fransabank Group have enabled our Bank to strengthen the basis of a sustained and perennial growth.

## CORPORATE SOCIAL RESPONSIBILITY ACHIEVEMENTS

---

Because we are committed to being a responsible actor of the banking sector, we at BLC Bank believe that we have more than a mere economic role to play in our society's development since our activities have important and direct repercussions on our community. By carrying out and implementing actions which reflect our values and code of conduct, we aim to bring positive change that will not only have long lasting effects on our business and staff, but also on our environment and community.

We also believe it is our duty to insure the harmonization of the interests of the different stakeholders that revolve around our activities and services. It is also primordial to carry out and implement actions which reflect our values and code of conduct. It is thus by shaping its action around two major pillars -corporate governance and economic development- that BLC Bank aims to attain its objectives and to influence financial activities in an ethical manner when dealing with both

individuals and companies.

Throughout the year, we have pursued our strive to protect each and every stakeholder's rights and to stay one step ahead of any risk that might hinder the Bank's actions. The past years have also witnessed BLC Bank's identity shift from a traditional bank to an innovative and active actor of change. The Bank has thus become a flagship institution in the momentum for women economic empowerment and SME support, lending Lebanese women and entrepreneurs a needed and expert hand to help them grow and thrive.

In addition to its direct contribution to the Lebanese economy by supporting the women and SME's pillars, BLC Bank has been offering non-financial services that enable these businesses and the ecosystem as a whole to expand.

And because acting locally is the key to success, we kept on spreading the green habits acquired in the Head Office to all our premises that are undergoing green retrofits and choose our suppliers following

a strict list of requirements related to green standards and ethics. We also try to make a change on a national level by supporting local NGOs that have relevant positive impact on our society and environment. We thus invest in the people we serve and are committed to help meet the needs of the many local organizations across Lebanon through local donations and sponsorship programs. And although our main axis in community involvement includes women, education and health, we also support arts and culture related events to embrace a holistic approach that strives for a more innovating, eco-friendly, and bold Lebanon.

And since a welcoming and safe environment is where it all starts for any enterprise, valuing our people, who constitute our closest stakeholders, and helping them reach their full potential lies at the core of our business strategy. From the moment one joins BLC Bank, they are supported with transparent policies, customized programs, learning

and development opportunities, as well as health and wellbeing initiatives.

We invite you to learn more by reading our CSR report which will give you more insights on this fundamental aspect of our new strategy and leave you with a few key numbers:

Over 15,000 SMEs benefiting from non-financial services since 2012. These include: More than 750 BLA applications received during 5 years with 70 finalists highlighted with nationwide exposure (of which 30 are women).

- 83% of total KYCs updated as of December 2016

- 100% complaints received and solved in 2016

- Over 435 paramedics across Lebanon trained thanks to BLC Bank and Roads for Life's PHTLS Program

- More than 10452 trees planted in partnership with Jouzour Loubnan

## INDEPENDENT AUDITORS' REPORT

To the Shareholders  
BLC Bank S.A.L.  
Beirut, Lebanon

### *Opinion*

We have audited the accompanying consolidated financial statements of BLC Bank S.A.L. (the "Bank") and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at December 31, 2016, and the consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2016, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

### *Basis for Opinion*

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants (IESBA Code)* together with the *Code of Ethics of the Lebanese Association of Certified Public Accountants* that are relevant to our audit of the consolidated financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter

Without qualifying our opinion, we draw attention to Notes 9 and 20 of the consolidated financial statements, concerning the regulatory restricted contribution as at December 31, 2016 amounting to LBP138billion, originating from surplus derived from sale of treasury bills and certificates of deposit in Lebanese Pound against investment in medium and long term certificates of deposit in foreign currency issued by the Central Bank of Lebanon, in compliance with Central Bank of Lebanon Intermediary Circular Number 446 dated December 30 2016. According to this Circular, the restricted contribution which is regulated in nature shall be appropriated, among other things, after deducting the relevant tax liability, to collective provision for credit risks associated with the loan book at a minimum of 2% of the weighted credit risks, and that in anticipation of the implementation of IFRS 9 for Impairment, as and when quantified effective on January 1, 2018. By virtue of this Circular, 70% of the remaining residual surplus once recognized over time shall be treated as non-distributable income designated and restricted only for appropriation to capital increase.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Key audit matters

##### Impairment of Loans and advances to customers

Due to the inherently judgmental nature of the computation of impairment provisions for loans and advances, there is a risk that the amount of impairment may be misstated. The impairment of loans and advances is estimated by management through the application of judgment and the use of subjective assumptions. Due to the significance of loans and advances and related estimation uncertainty, this is considered a key audit risk. The corporate loan portfolio generally comprises larger loans that are monitored individually by management. The assessment of loan loss impairment is therefore based on management's knowledge of each individual borrower. However, consumer loans generally comprises much smaller value loans to a much greater number of customers. Provisions, other than those that are calculated on an individual basis, are determined by grouping by product into homogeneous portfolios.

The portfolios which give rise to the greatest uncertainty are typically those where impairments are derived from collective models, are unsecured or are subject to potential collateral shortfalls.

#### How our audit addressed the key audit matters?

The risks outlined were addressed by us as follows:

We tested the design and operating effectiveness of the key controls to determine which loans and advances are impaired and provisions against those assets. These included testing:

- System-based and manual controls over the timely recognition of impaired loans and advances.
- Controls over the impairment calculation models including data inputs.
- Controls over collateral valuation estimates.

We tested a sample of loans and advances to form our own assessment as to whether impairment events had occurred and to assess whether impairments had been identified in a timely manner.

- For impairment allowances against collectively assessed loans and advances, substantially covered by the regulatory designated deferred liability set up in anticipation of IFRS 9 as referred to under *Emphasis of Matter* section of our report, we critically assessed the Group's estimates and assumptions, specifically in respect to the inputs to the impairment models and the consistency of judgement applied in the use of economic factors, loss emergence periods and the observation period for historical default rates.
- For non performing customers, we tested and challenged the valuation model used by management where the expected recoverable amount from the liquidation of collateral discounted is compared to the net carrying value of the customer net exposure.

### Carrying value of deferred assets

The Group's financial position includes deferred assets principally arising from historical business acquisition and carried over losses of USB Bank PLC in Cyprus. The risk is that the book value of the outstanding deferred assets exceeds its recoverable amount, and therefore this asset is impaired and should be written down in value. These deferred assets are offset against future economic benefits derived from the low yield funding provided by the Central Bank of Lebanon and major part has been offset in fiscal 2016 from the yield earned on investments funded from the release of compulsory reserve exemption. Due to the inherent uncertainty involved in forecasting and discounting future cash flows, which are the basis of the assessment of recoverability, this is a key audit matter.

### Regulatory Restricted Contribution

During November and December of 2016, the Central Bank of Lebanon issued regulations applicable to all banks operating in Lebanon with respect to the use of the contribution derived from the special and non-conventional securities arrangement deals concluded with the regulator. This is a key audit matter in relation to the use, accounting and taxability of the benefit earned.

### Other Information

Management is responsible for the other information included in the Annual Report. The other information does not include the consolidated financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditors' report. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

### Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Our procedures included assessing the key assumptions applied by the Group in determining the recoverable amount. We also considered whether the amortization methodology adopted best represented the profile of expected future economic benefits. Moreover, during 2016, the low yield funding provided by the Central Bank of Lebanon matured and was replaced by an exemption for the compulsory reserves up to USD200million. Proceeds of the loan and subsequently the compulsory reserves are invested in fixed income securities. We assessed appropriation and calculation of these fixed income securities against deferred assets account.

We reviewed the accounting and use of the benefit associated with the regulated restricted contribution derived from the special and non-conventional securities arrangement deals with the regulator, after deducting the relevant tax, in line with the conditions for the designated purpose setup by the regulator.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

***Auditors' Responsibilities for the Audit of the Consolidated Financial Statements***

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs, within the framework of local banking laws, will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2016

## 1. GENERAL INFORMATION

BLC Bank S.A.L., (the “Bank”), is a Lebanese joint stock company registered in the Commercial Register under No. 1952 and in the Central Bank of Lebanon list of banks under No. 11. The consolidated financial statements of the Bank comprise the financial statements of the Bank and those of its subsidiaries (collectively the “Group”). The Group is primarily involved in investment, corporate and retail banking.

The Bank’s headquarters are located in Beirut, Lebanon.

The consolidated subsidiaries consist of the following as at December 31:

	Ownership Interest		Country of Incorporation	Business Activity
	2016	2015		
	%	%		
BLC Invest S.A.L.	99.97	99.97	Lebanon	Investment Bank
BLC Finance S.A.L.	98.99	98.99	Lebanon	Financial Institution
BLC Services S.A.L.	90.67	90.67	Lebanon	Insurance Brokerage
USB Bank PLC.	99.25	98.83	Cyprus	Commercial bank

Fransabank S.A.L. is the ultimate parent of the Bank.

During the current year, BLC Invest S.A.L. signed an agreement with the Parent Bank whereby both parties have agreed to merge by virtue of acquisition of assets, liabilities and activities of the merged entity which in this case would be BLC Invest S.A.L. This agreement was approved by both Banks’ Board of Directors and Extraordinary General Assembly shareholders’ in their meeting held on August 5, 2016, and January 27th, 2017 respectively, and by the regulator on April 12, 2017.

## 2. APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS)

### 2.1 New and revised IFRSs applied with no material effect on the consolidated financial statements

The following new and revised IFRSs, which became effective for annual periods beginning on or after January 1, 2016, have been adopted in these financial statements. The application of these revised IFRSs has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

- IFRS 14 Regulatory Deferral Accounts
- Amendments to IAS 1 Presentation of Financial Statements relating to Disclosure initiative
- Amendments to IFRS 11 Joint arrangements relating to accounting for acquisitions of interests in joint operations
- Amendments to IAS 16 Property, Plant and Equipment and IAS 38 Intangible Assets relating to clarification of acceptable methods of depreciation and amortization
- Amendments to IAS 16 Property, Plant and Equipment and IAS 41 Agriculture: Bearer Plants
- Amendments to IAS 27 Separate Financial Statements relating to accounting investments in subsidiaries, joint ventures and associates to be optionally accounted for using the equity method in separate financial statements
- Amendments to IFRS 10 Consolidated Financial Statements, IFRS 12 Disclosure of Interests in Other Entities and IAS 28 Investment in Associates and Joint Ventures relating to applying the consolidation exception for investment entities
- Annual Improvements to IFRSs 2012 – 2014 Cycle covering amendments to IFRS 5, IFRS 7, IAS 19 and IAS 34

## 2.2 New and revised IFRS in issue but not yet effective

The Group has not yet applied the following new and revised IFRSs that have been issued but are not yet effective:

### *New and revised IFRSs*

Annual Improvements to IFRS Standards 2014-2016 Cycle amending IFRS 1, IFRS 12 and IAS 28.

Amendments to IAS 12 *Income Taxes* relating to the recognition of deferred tax assets for unrealized losses.

Amendments to IAS 7 *Statement of Cash Flows* to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities.

FRIC 22 *Foreign Currency Transactions and Advance Consideration*.

The interpretation addresses foreign currency transactions or parts of transactions where:

- there is consideration that is denominated or priced in a foreign currency;
- the entity recognizes a prepayment asset or a deferred income liability in respect of that consideration, in advance of the recognition of the related asset, expense or income; and
- the prepayment asset or deferred income liability is non-monetary.

Amendments to IFRS 2 *Share Based Payment* regarding classification and measurement of share based payment transactions.

Amendments to IFRS 4 *Insurance Contracts*: Relating to the different effective dates of IFRS 9 and the forthcoming new insurance contracts standard.

Amendments to IAS 40 *Investment Property*: Amends paragraph 57 to state that an entity shall transfer a property to, or from, investment property when, and only when, there is evidence of a change in use. A change of use occurs if property meets, or ceases to meet, the definition of investment property. A change in management's intentions for the use of a property by itself does not constitute evidence of a change in use. The paragraph has been amended to state that the list of examples therein is non-exhaustive.

### *Effective for Annual Periods Beginning on or After*

The amendments to IFRS 1 and IAS 28 are effective for annual periods beginning on or after January 1, 2018, the amendment to IFRS 12 for annual periods beginning on or after January 1, 2017

January 1, 2017

January 1, 2017

January 1, 2018

January 1, 2018

January 1, 2018

January 1, 2018

## New and revised IFRSs

### IFRS 9 *Financial Instruments (revised versions in 2013 and 2014)*

IFRS 9 issued in November 2009 introduced new requirements for the classification and measurement of financial assets. IFRS 9 was subsequently amended in October 2010 to include requirements for the classification and measurement of financial liabilities and for derecognition, and in November 2013 to include the new requirements for general hedge accounting. Another revised version of IFRS 9 was issued in July 2014 mainly to include a) impairment requirements for financial assets and b) limited amendments to the classification and measurement requirements by introducing a 'fair value through other comprehensive income' (FVTOCI) measurement category for certain simple debt instruments.

A finalized version of IFRS 9 which contains accounting requirements for financial instruments, replacing IAS 39 *Financial Instruments: Recognition and Measurement*. The standard contains requirements in the following areas:

- **Classification and measurement:** Financial assets are classified by reference to the business model within which they are held and their contractual cash flow characteristics. The 2014 version of IFRS 9 introduces a 'fair value through other comprehensive income' category for certain debt instruments. Financial liabilities are classified in a similar manner to under IAS 39, however there are differences in the requirements applying to the measurement of an entity's own credit risk;
- **Impairment:** The 2014 version of IFRS 9 introduces an 'expected credit loss' model for the measurement of the impairment of financial assets, so it is no longer necessary for a credit event to have occurred before a credit loss is recognised;
- **Hedge accounting:** Introduces a new hedge accounting model that is designed to be more closely aligned with how entities undertake risk management activities when hedging financial and non-financial risk exposures;
- **Derecognition:** The requirements for the derecognition of financial assets and liabilities are carried forward from IAS 39.

### IFRS 15 *Revenue from Contracts with Customers*

In May 2014, IFRS 15 was issued which established a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. IFRS 15 will supersede the current revenue recognition guidance including IAS 18 *Revenue*, IAS 11 *Construction Contracts* and the related interpretations when it becomes effective.

The core principle of IFRS 15 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

## Effective for Annual Periods Beginning on or After

January 1, 2018

January 1, 2018

***New and revised IFRSs***

- Step 1: Identify the contract(s) with a customer.
- Step 2: Identify the performance obligations in the contract.
- Step 3: Determine the transaction price.
- Step 4: Allocate the transaction price to the performance obligations in the contract.
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

Under IFRS 15, an entity recognises when (or as) a performance obligation is satisfied, i.e. when ‘control’ of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in IFRS 15 to deal with specific scenarios. Furthermore, extensive disclosures are required by IFRS 15.

***Effective for Annual Periods Beginning on or After***

Amendments to IFRS 15 *Revenue from Contracts with Customers* to clarify three aspects of the standard (identifying performance obligations, principal versus agent considerations, and licensing) and to provide some transition relief for modified contracts and completed contracts.

January 1, 2018

*IFRS 16 Leases*

IFRS 16 specifies how an IFRS reporter will recognise, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognise assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, with IFRS 16’s approach to lessor accounting substantially unchanged from its predecessor, IAS 17.

January 1, 2019

Amendments to IFRS 10 *Consolidated Financial Statements* and IAS 28 *Investments in Associates and Joint Ventures* (2011) relating to the treatment of the sale or contribution of assets from and investor to its associate or joint venture.

Effective date deferred indefinitely

Management anticipates that these new standards, interpretations and amendments will be adopted in the Group’s financial statements as and when they are applicable. Except for IFRS 9 on the provisioning for impairment, the Directors of the Group do not anticipate that the application of these amendments will have a significant effect on the Group’s consolidated financial statements.

### 3. SIGNIFICANT ACCOUNTING POLICIES

#### **Statement of Compliance**

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs).

#### **Basis of Preparation and Measurement**

The consolidated financial statements have been prepared on the historical cost basis except for the following that are measured at revalued amounts or fair values at the end of each reporting period, as explained in the accounting policies below:

- Land and buildings acquired prior to 1999 are measured at their revalued amounts based on market prices prevailing during 1999, to compensate for the effect of the hyper-inflationary economy prevailing in the earlier years.
- Financial assets and liabilities at fair value through profit and loss.
- Equity securities at fair value through other comprehensive income.
- Derivative financial instruments.
- Investment properties.

Assets and liabilities are grouped according to their nature and are presented in an approximate order that reflects their relative liquidity.

#### **Summary of significant accounting policies**

Following is a summary of the most significant accounting policies applied in the preparation of these consolidated financial statements:

##### **A. Basis of Consolidation:**

The consolidated financial statements of BLC Bank incorporate the financial statements of the Bank and enterprises controlled by the Bank (its subsidiaries) as at the reporting date. Control is achieved when the Bank:

- Has power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Has exposure, or rights, to variable returns from its involvement with the investee, and
- Has the ability to use its power over the investee to affect its returns.

When the Bank has less than a majority of the voting or similar rights of an investee, the Bank considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements;

- The Bank's voting rights and potential voting rights.

The Bank re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Consolidation of a subsidiary begins when the Bank obtains control over the subsidiary and ceases when the Bank loses control of the subsidiary. Income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the date the Bank gains control until the date the Bank ceases to control the subsidiary.

Total comprehensive income of subsidiaries is attributed to the owners of the Bank and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of the subsidiaries to bring their accounting policies into line with those used by the Bank.

All intra-group transactions, balances, income and expenses (except for foreign currency transaction gains or loss) are eliminated on consolidation. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Bank.

Upon the loss of control, the Group derecognizes the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognized in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost.

## B. Business Combinations:

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are expensed as incurred in profit or loss.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognized in profit or loss.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. When the excess is negative, a bargain purchase gain is recognized immediately in profit or loss. Where applicable, adjustments are made to provisional values of recognized assets and liabilities related

to facts and circumstances that existed at the acquisition date. These are adjusted to the provisional goodwill amount. All other adjustments including above adjustments made after one year are recognized in profit and loss except to correct an error in accordance with IAS 8.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognized amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Non-controlling interests in business acquisitions transacted so far by the Group were initially measured at the non-controlling interests' proportionate share of net assets acquired.

Any contingent consideration payable is recognized at fair value at the acquisition date. If the contingent consideration is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, subsequent changes to the fair value of the contingent consideration are recognized in profit or loss.

## C. Foreign Currencies:

The consolidated financial statements are presented in Lebanese Pound (LBP) which is the reporting currency of the Group. The primary currency of the economic environment in which the Group operates (functional currency) is the U.S. Dollar. The Lebanese Pound exchange rate has been constant to the U.S. Dollar since many years.

In preparing the financial statements of each individual group entity, transactions in currencies other than the entity's reporting currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognized in profit or loss in the period in which they arise except for exchange differences on transactions entered into in order to hedge certain foreign currency

risks, and except for exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur in the foreseeable future, which are recognized in other comprehensive income, and presented in the translation reserve in equity. These are recognized in profit or loss on disposal of the net investment.

For the purposes of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into Lebanese Pound using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period when this is a reasonable approximation. Exchange differences arising are recognized in other comprehensive income and accumulated in equity (attributed to non-controlling interests as appropriate). Such exchange differences are recognized in profit or loss in the period in which the foreign operation is disposed of.

Goodwill and fair value adjustments on identifiable assets and liabilities acquired arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

#### **D. Recognition and Derecognition of Financial assets and Liabilities:**

The Group initially recognizes loans and advances, deposits, debt securities issued and subordinated liabilities on the date that they are originated. All other financial assets and liabilities are initially recognized on the trade date at which the Group becomes a party to the contractual provisions of the instrument.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

The Group derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset measured at amortized cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in profit or loss.

Debt securities exchanged against securities with longer maturities with similar risks, and issued by the same issuer, are not derecognized because they do not meet the conditions for derecognition. Premiums and discounts derived from the exchange of said securities are deferred to be amortized as a yield enhancement on a time proportionate basis, over the period of the extended maturities.

When the Group enters into transactions whereby it transfers assets recognized on its statement of financial position and retains

all risks and rewards of the transferred assets, then the transferred assets are not derecognized, for example, securities lending and repurchase transactions.

The Group derecognizes financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss.

#### **E. Classification of Financial Assets:**

All recognized financial assets are measured in their entirety at either amortized cost or fair value, depending on their classification.

##### **Debt Instruments:**

Non-derivative debt instruments that meet the following two conditions are subsequently measured at amortized cost using the effective interest method, less impairment loss (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- They are held within a business model whose objective is to hold the financial

assets in order to collect the contractual cash flows, rather than to sell the instrument prior to its contractual maturity to realize its fair value changes; and

- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments which do not meet both of these conditions are measured at fair value through profit or loss ("FVTPL").

Even if a debt instrument meets the two amortized cost criteria above, it may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases.

##### **Equity Instruments:**

Investments in equity instruments are classified as at FVTPL, unless the Group designates an investment that is not held for trading as at fair value through other comprehensive income ("FVTOCI") on initial recognition (see below).

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in profit or loss.

On initial recognition, the Group can make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments as at fair value through other comprehensive income (“FVTOCI”). Investments in equity instruments at FVTOCI are measured at fair value. Gains and losses on such equity instruments are recognized in other comprehensive income, accumulated in equity and are never reclassified to profit or loss. Only dividend income is recognized in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment, in which case it is recognized in other comprehensive income. Cumulative gains and losses recognized in other comprehensive income are transferred to retained earnings on disposal of an investment.

Designation as at FVTOCI is not permitted if the equity investment is held for trading.

#### **Reclassification:**

Financial assets are reclassified between FVTPL and amortized cost or vice versa,

if and only if, the Group’s business model objective for its financial assets changes so its previous model assessment would no longer apply. When reclassification is appropriate, it is done prospectively from the reclassification date.

#### **F. Financial Liabilities and Equity Instruments:**

##### **Classification as debt or equity:**

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognized at the proceeds received, net of direct issue costs.

Repurchase of the Group’s own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue, or cancellation of the Group’s own equity instruments.

The component parts of compound instruments (convertible notes) issued by the Group are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the entity’s own equity instruments is an equity instrument.

##### **Financial Liabilities:**

Financial Liabilities that are not held-for-trading and are not designated as at FVTPL are subsequently measured at amortized cost using the effective interest method.

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a

group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group’s documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or

- it forms part of a contract containing one or more embedded derivatives, and the entire combined contract is designated as at FVTPL in accordance with IFRS 9.

##### **G. Offsetting:**

Financial assets and liabilities are set-off and the net amount is presented in the statement of financial position when, and only when, the Group has a currently enforceable legal right to set-off the recognized amounts or intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

##### **H. Fair Value Measurement of Financial Instruments:**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured by taking into account the characteristics of the asset or liability that if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

For financial reporting purposes, fair value measurement are categorized into level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the

measurement date;

- Level 2 - Inputs, other than quoted prices included within Level 1, that are observable for the asset and liability either directly or indirectly; and
- Level 3 - Inputs are unobservable inputs for the asset or liability.

### **I. Impairment of Financial Assets:**

Financial assets carried at amortized cost are assessed for indicators of impairment at the reporting date. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the asset, a loss event has occurred which has an impact on the estimated future cash flows of the financial asset.

Objective evidence that an impairment loss related to financial assets has been incurred can include information about the debtors' or issuers' liquidity, solvency and business and financial risk exposures and levels of and trends in delinquencies for similar financial assets, taking into account the fair value of collateral and guarantees.

The Group considers evidence of impairment for assets measured at amortized cost at both specific asset and collective level.

Impairment losses on assets carried at amortized cost are measured as the difference between the carrying amount of the financial assets and the corresponding estimated recoverable amounts. Losses are recognized in profit or loss. If, in a subsequent period, the amount of the impairment loss decreases, the previously recognized impairment loss is reversed through profit or loss to the extent that the carrying amount of the financial asset at the date the impairment is reversed does not exceed what the amortized cost would have been, had the impairment not been recognized.

For investments in equity securities, a significant or prolonged decline in fair value below cost is objective evidence of impairment.

### **J. Derivative Financial Instruments:**

Derivatives are initially recognized at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The resulting gain or loss is recognized in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

### **Embedded Derivatives:**

Derivatives embedded in other financial instruments or other host contracts with embedded derivatives are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contract:

- is not measured at fair value with changes in fair value recognized in profit or loss;
- is not an asset within the scope of IFRS 9.

### **Hedge Accounting:**

The Group designates certain hedging instruments, which include derivatives, embedded derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges, or hedges of net investments in foreign operations. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

At the inception of the hedge relationship, the Group documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group

documents whether the hedging instrument that is used in a hedging relationship is highly effective in offsetting changes in fair values or cash flows of the hedged item.

**Fair Value Hedge:**

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recognized in profit or loss immediately, together with any changes in the fair value of the hedged item that are attributable to the hedged risk. The change in the fair value of the hedging instrument and the change in the hedged item attributable to the hedged risk are recognized in the line of the income statement relating to the hedged item.

Hedge accounting is discontinued when the Group revokes the hedging relationship, the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. The adjustment to the carrying amount of the hedged item arising from the hedged risk is amortized to profit or loss from that date.

**Cash Flow Hedge:**

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges are deferred

in other comprehensive income. The gain or loss relating to the ineffective portion is recognized immediately in profit or loss.

Amounts previously recognized in other comprehensive income and accumulated in equity are reclassified to profit or loss in the periods when the hedged item is recognized in profit or loss, in the same line of the income statement as the recognized hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, the gains and losses previously recognized in other comprehensive income and accumulated in equity are transferred from equity and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued when the Group revokes the hedging relationship, when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognized in other comprehensive income and accumulated in equity at that time remains in equity and is recognized when the forecast transaction is ultimately recognized in profit or loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity

is recognized immediately in profit or loss.

**K. Loans and Advances:**

Loans and advances are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and advances are disclosed at amortized cost net of unearned interest and after provision for credit losses. Non-performing loans and advances to customers are stated net of unrealized interest and provision for credit losses because of doubts and the probability of non-collection of principal and/or interest.

**L. Financial Guarantees:**

Financial guarantee contracts are contracts that require the Group to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument. These contracts can have various judicial forms (guarantees, letters of credit, and credit-insurance contracts).

Financial guarantee liabilities are initially measured at their fair value, and subsequently carried at the higher of this amortized amount and the present value of any expected payment (when a payment

under the guarantee has become probable). Financial guarantees are included within other liabilities.

**M. Property and Equipment:**

Property and equipment except for buildings acquired prior to 1999 are stated at historical cost, less accumulated depreciation and impairment loss, if any. Buildings acquired prior to 1999 are stated at their revalued amounts, based on market prices prevailing during 1999 less accumulated depreciation and impairment loss, if any.

Depreciation is recognized so as to write off the cost or valuation of property and equipment, other than land and advance payments on capital expenditures less their residual values, if any, using the straight-line method over the useful lives estimated as follows:

	%
Buildings	2-4
Office improvements and installations	20
Furniture, equipment and machines	8-20
Computer equipment	20-33
Vehicles	10-20

The gain or loss arising on the disposal or retirement of an item of property and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

## **N. Intangible Assets and Goodwill:**

### **Goodwill:**

Refer to Note 3B for the measurement of goodwill at initial recognition arising on the acquisition of subsidiaries. Subsequent to initial recognition, goodwill is measured at cost less accumulated impairment losses.

### **Other intangible assets:**

Other intangible assets that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortization and any accumulated impairment losses. Intangible assets other than goodwill are amortized on a straight line over their estimated useful lives as follows:

- Computer software 5 years
- Key money 15 years

Subsequent expenditure on software assets is capitalized only when it increases the future economic benefits embodied in the

specific asset to which it relates. All other expenditure is expensed as incurred.

## **O. Leasing:**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Assets held under finance leases are initially recognized as assets of the Group at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the consolidated statement of financial position as a finance lease obligation.

Operating lease payments are recognized as an expense on a straight-line basis over the lease term.

## **P. Assets acquired in satisfaction of loans:**

### **Policy applicable to the Lebanese Group entities:**

Real estate properties acquired through the enforcement of collateral over loans and advances are measured at cost less any accumulated impairment losses. The acquisition of such assets is regulated by

the local banking authorities who require the liquidation of these assets within 2 years from acquisition. In case of default of liquidation the regulatory authorities require an appropriation of a special reserve from the yearly profits and accumulated in equity.

### **Policy applicable to the Cypriot Group entity:**

The Group in its normal course of business acquires properties in debt satisfaction, which are held either directly or by special purpose entities set up for the sole purpose of managing these properties with an intention to be disposed of. These properties are recognized in the Bank's consolidated financial statements as stock of property, reflecting the substance of these transactions. The stock of property is measured at the lower of cost and net realizable value. Net realizable value is the estimated selling price, less the estimated costs necessary to make the sale. If net realizable value is below the cost of the stock of property, impairment is recognized in the consolidated statement of profit or loss.

## **Q. Investment Properties:**

### **Policy applicable to the Cypriot Group entity:**

Investment properties are measured initially at cost, including transaction

costs. Subsequent to initial recognition, investment properties are measured at fair value, as at the financial position date. Gains or losses arising from changes in the fair values of investment properties are included in the statement of profit or loss. Valuations are carried out by independent qualified valuers on the basis of current market values.

### **Classification of properties:**

The Group determines whether a property is classified as investment property or stock of property as follows:

- Investment properties comprise land and buildings that are not occupied for own use by, or in the operations of, the Group, nor for sale in the ordinary course of business, but are held primarily to earn rental income and/or capital appreciation. These buildings are substantially rented to tenants and not intended to be sold in the ordinary course of business.
- Stock of property comprises real estate assets held with an intention to be disposed of. This principally relates to properties acquired through debt-for-property swaps. The Group has set up the Real Estate department early in 2016, to manage these assets (including selective investments and development) and to execute exit strategies in order to monetize these assets.

Transfers are made to or from investment property only when there is a change in use. For a transfer from investment property to stock of property, the property's deemed cost for subsequent accounting is its fair value at the date of change in use.

#### **R. Impairment of Non-Financial Assets:**

At the end of each reporting period, the Group reviews the carrying amounts of its non-financial assets, other than investment properties and deferred taxes, to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Goodwill is tested annually for impairment. Recoverable amount is the higher of fair value less costs to sell and value in use.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

An impairment loss in respect of goodwill is not reversed.

#### **S. Deferred Assets:**

Deferred assets on business acquisition and against contractual projected cash flows are stated at amortized cost. Such deferred assets are amortized over the period of related benefits deriving from the net return of the invested funds funded through committed structured medium term debt and major part in fiscal 2016 from the yield earned on investments funded from the release of compulsory reserve, the purpose of which is to offset exceptional impairment

losses. Amortization charge is treated as a yield adjustment to the interest income of the invested funds.

#### **T. Provision for Employees' End-of-Service Indemnity:**

##### ***Policy applicable to the Group's Lebanese entities:***

---

The provision for staff termination indemnities is based on the liability that would arise if the employment of all the staff were voluntary terminated at the reporting date. This provision is calculated in accordance with the directives of the Lebanese Social Security Fund and Labor laws based on the number of years of service multiplied by the monthly average of the last 12 months' remunerations and less contributions paid to the Lebanese Social Security National Fund and interest accrued by the Fund.

#### **U. Staff Retirement Benefits:**

##### ***Policy applicable to the Group's Cypriot entity:***

---

The Cypriot entity operates a defined contribution scheme which provides for employer contributions on the employee

gross salary and employee contributions of 3%-10% of their gross salary. The Entity's contributions are expensed incurred and are included in staff costs. The Entity has no legal or constructive obligations to pay further contributions if the scheme does not hold sufficient assets to pay all employees benefits relating to employee service in the current and prior periods.

#### **V. Provisions:**

Provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are discounted where the impact is material.

#### **W. Deferred Restricted Contributions:**

Restricted contributions derived from special and non-conventional deals arrangement concluded with the regulator are deferred until designated conditions for recognition are met. At the time income is received it is deferred under "regulatory deferred liability" and applied to the designated purpose according to the regulator's requirements.

## **X. Revenue and Expense Recognition:**

Interest income and expense are recognized on an accrual basis, taking account of the principal outstanding and the rate applicable, except for non-performing loans and advances for which interest income is only recognized upon realization. Interest income and expense include the amortization of discounts or premiums.

Fees and commission income and expense that are integral to the effective interest rate on a financial asset or liability (i.e. commissions and fees earned on the loan book) are included under interest income and expense.

Other fees and commission income are recognized as the related services are performed.

Interest income and expense presented in the statement of profit or loss include:

- Interest on financial assets and liabilities at amortized cost;
- Changes in fair value of qualifying derivatives, including hedge ineffectiveness, and related hedged items when interest rate risk is the hedged risk.

Interest income on financial assets measured at FVTPL is presented in the statement of profit or loss under "Net interest and other gain / (loss) on financial

assets at FVTPL" (See below).

Net interest and other net gain / loss on financial assets measured at FVTPL includes:

- Interest income;
- Dividend income;
- Realized and unrealized fair value changes;
- Foreign exchange differences.

Interest expense on financial liabilities designated as at fair value through profit or loss are presented separately in the statement of profit or loss.

Dividend income is recognized when the right to receive payment is established. Dividends on equity instruments designated as at fair value through other comprehensive income in accordance with IFRS 9, are recognized in profit or loss, unless the dividend clearly represents a recovery of part of the investment, in which case it is presented in other comprehensive income.

## **Y. Income Tax:**

Income tax expense represents the sum of the tax currently payable and deferred tax. Income tax is recognized in the consolidated statement of profit or loss except to the extent that it relates to items recognized directly in other comprehensive income, in which case it is recognized in

other comprehensive income.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the consolidated statement of profit or loss because of the items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Part of the debt securities invested by the Group is subject to withheld tax by the issuer. This tax is deducted at year-end from the corporate tax liability not eligible for deferred tax benefit, and therefore, accounted for as prepayment on corporate income tax and reflected as a part of income tax provision.

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the consolidated statement of financial position and the corresponding tax base used in the computation of taxable profit, and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized.

## **Z. Fiduciary Accounts:**

Fiduciary assets held or invested on behalf of the Group's customers on a non-discretionary basis and related risks and rewards belong to the account holders. Accordingly, these deposits are reflected as off-balance sheet accounts.

### **AA. Cash and Cash Equivalents:**

Cash and cash equivalents comprise balances with original contractual maturities of a period of three months including: cash and balances with the central banks and deposits with banks and financial institutions.

### **AB. Earnings per Share:**

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares, which comprise share options granted to employees, if applicable.

## 4. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3, the directors are required to make judgments, estimates and assumptions about the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

### A. Critical accounting judgments in applying the Group's accounting policies:

In the process of applying the Group's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect in the amounts recognized in the financial statements.

#### Going Concern:

The Group's management has made an assessment of the Group's ability to continue as a going concern and is satisfied that the Group has the resources to continue in business for the foreseeable future. Furthermore, management is not aware of any material uncertainties that may cast significant doubt upon the Group's ability to continue as a going concern. Therefore the consolidated financial statements continue to be prepared on the going concern basis.

#### Classification of Financial Assets:

##### *Business Model:*

The business model test requires the Group to assess whether its business objective for financial assets is to collect the contractual cash flows of the assets rather than realize their fair value change from sale before their contractual maturity. The Group considers at which level of its business activities such assessment should be made. Generally, a business model can be evidenced by the way business is managed and the information provided to management. However the Group's business model

can be to hold financial assets to collect contractual cash flows even when there are some sales of financial assets. While IFRS 9 provides some situations where such sales may or may not be consistent with the objective of holding assets to collect contractual cash flows, the assessment requires the use of judgment based on facts and circumstances.

In determining whether its business model for managing financial assets is to hold assets in order to collect contractual cash flows the Group considers:

- The frequency and volume of sales;
- The reasons for any sales;
- How management evaluates the performance of the portfolio;
- The objectives for the portfolio.

##### *Characteristics of the Financial Asset:*

Once the Group determines that its business model is to hold the assets to collect the contractual cash flows, it exercises judgment to assess the contractual cash flows characteristics of a financial asset. In making this judgment, the Group considers the contractual terms of the acquired asset to determine that they give rise on specific dates, to cash flows

that solely represent principal and principal settlement and accordingly may qualify for amortized cost accounting.

Features considered by the Group that would be consistent with amortized cost measurement include:

- Fixed and / or floating interest rate;
- Caps, floors, collars;
- Prepayment options.

Features considered by the Group that would be inconsistent with amortized cost measurement include:

- Leverage (i.e. options, forwards and swaps);
- Conversion options;
- Inverse floaters;
- Variable rate coupons that reset periodically;
- Triggers that result in a significant reduction of principal, interest or both.

### B. Key Sources of Estimation Uncertainty:

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the statement of financial position date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

The Group based their assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

#### **Allowances for Credit Losses:**

Specific impairment for credit losses is determined by assessing each case individually. This method applies to classified loans and advances, balances placed with banks and other accounts receivable and the factors taken into consideration when estimating the allowance for credit losses include the counterparty's credit limit, the counterparty's ability to generate cash flows sufficient to settle the advances and the value of collateral and potential repossession.

Loans and advances that have been assessed individually and found not to be impaired and all individually insignificant loans and advances are then assessed collectively, in groups of assets with similar risk characteristics, to determine whether provision should be made due to incurred loss events for which there is objective

evidence but whose effects are not yet evident.

The collective assessment takes account of data from the loan portfolio (such as credit quality, levels of arrears, credit utilization, loan to collateral ratios, etc...), concentrations of risks, economic data and the performance of different individual groups.

#### **Determining Fair Values:**

The determination of fair value for financial assets for which there is no observable market price requires the use of valuation techniques as described in Note 3H. For financial instruments that traded infrequently and have little price transparency, fair value is less objective, and requires varying degrees of judgment depending on liquidity, concentration, uncertainty of market factors, pricing assumptions and other risks affecting the specific instrument.

Unobservable inputs are used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date. However, the fair value measurement objective should remain the same; that is, an exit price from

the perspective of market participants. Unobservable inputs are developed based on the best information available in the circumstances, which may include the reporting entity's own data.

#### **Impairment of deferred assets:**

The Group tests annually whether the outstanding deferred asset account has suffered any impairment in accordance with the accounting policy under Note 3(S). The recoverable amount is expected to be offset against contractual projected cash flows. This requires the directors to estimate the recoverability through forecasting and discounting future cash flows.

#### **Fair value of investment properties:**

The Group's accounting policy for investment property requires that it is measured at fair value. The valuation is performed at each reporting date. Valuations are carried out by qualified valuers by applying valuation models.

Depending on the nature of the underlying asset and available market information, the determination of the fair value of property may require the use of estimates such as future cash flows from assets and discount rates applicable to those assets. All these

estimates are based on local market conditions existing at the reporting date.

#### **Stock of property – estimation of net realizable value:**

Stock of property is measured at the lower of cost and net realizable value. The estimated sales price is determined with reference to the fair value of properties adjusted for any impact of specific circumstances on the sale process of each property. Depending on the value of the underlying asset and available market information, the determination of costs to sell may require professional judgement which involves a large degree of uncertainty.

#### **Impairment of Goodwill:**

The Group tests annually whether goodwill has suffered any impairment in accordance with the accounting policy under Note 3R. The recoverable amount is deemed to be the value in use using a discounted cash flow model. This requires the directors to estimate the future cash flows and a suitable discount rate.

## 5. CASH AND CENTRAL BANKS

This caption consists of the following:

	December 31, 2016		December 31, 2015	
	Balance LBP'000	of which Compulsory/ Regulatory Deposits LBP'000	Balance LBP'000	of which Compulsory/ Regulatory Deposits LBP'000

	<b>1,307,453,083</b>	<b>244,176,325</b>	<b>1,026,651,610</b>	<b>531,034,679</b>

Compulsory deposits under current accounts with Central Bank of Lebanon are in Lebanese Pounds and non-interest earning. These deposits are computed on the basis of 25% and 15% of the average weekly sight and term customers' deposits in Lebanese Pounds subject to certain exemptions, in accordance with local banking regulations. These deposits are not available for use in the Group's day-to-day operations.

Regulatory deposits under term placements

with Central Bank of Lebanon are made in accordance with local banking regulations which require banks to maintain interest earning placements in foreign currency to the extent of 15% of customers' deposits in foreign currencies, certificates of deposit and borrowings acquired from non-resident financial institutions.

Blocked accounts with the Central Bank of Lebanon under Intermediate Circular No. 313 represent transitory deposits

to be granted to the Bank's customers, pursuant to certain conditions, rules and mechanism following Central Bank of Lebanon Basic Decision No. 6116 of March 7, 1996 and its amendments against facilities granted from the Central Bank of Lebanon (Note 19). These deposits and facilities earn/bear a 1% interest rate that is computed annually.

Current accounts with Central Bank of Cyprus include the equivalent in Euro

of LBP5billion as at December 31, 2016 (LBP6billion as at December 31, 2015) deposited in accordance with banking laws and regulations in Cyprus.

During 2016, the Group was exempted from compulsory reserves in foreign currency, for one year, up to USD200million. Subsequent to the financial position date, the exemption was renewed for an additional one and a half year to offset the remaining outstanding deferred assets (Refer to Notes 9 and 14).

## 6. DEPOSITS WITH BANKS AND FINANCIAL INSTITUTIONS

This caption consists of the following:

	December 31, 2016	December 31, 2015
	LBP'000	LBP'000
Purchased checks	17,928,574	36,073,038
Current accounts with banks and financial institutions	209,405,155	139,449,086
Current accounts with the parent bank	3,888,936	3,539,254
Current accounts with related banks and financial institutions	12,442,655	20,428,431
	<b>243,665,320</b>	<b>199,489,809</b>
Term placements with banks and financial institutions	166,866,169	205,484,481
Term placements with a related bank	31,106,453	57,632,401
Blocked margins with banks and financial institutions	3,292,003	3,292,003
	<b>201,264,625</b>	<b>266,408,885</b>
Accrued interest receivable	74,438	94,151
	<b>445,004,383</b>	<b>465,992,845</b>

Deposits with banks and financial institutions are distributed between resident and non-resident as follows:

	December 31, 2016	December 31, 2015
	LBP'000	LBP'000
Resident	58,360,179	101,938,257
Non-resident	386,644,204	364,054,588
	<b>445,004,383</b>	<b>465,992,845</b>

During the years 2016 and 2015, the Group entered in repurchase agreements with a resident financial institution. The agreement consists of loans granted to the resident financial institution, backed by Lebanese Government Bonds in U.S. Dollar and Lebanese treasury bills in LBP. The loans are short term in nature and matured during the year. Interest income for the year 2016 amounted to LBP368million (LBP533million during 2015) recorded under "Interest income from deposits with banks and financial institutions" in the consolidated statement of profit or loss (Note 26).

## 7. LOAN TO A BANK

This caption consists of the following:

	December 31 2016	December 31 2015
	LBP'000	LBP'000

Investments at fair value through profit or loss include an amount of LBP1.9billion (LBP914million during 2015) representing the Group's share in startups established based on co-sharing agreement with the regulator providing the funding.

The Group's business model for debt

securities in the Cypriot entity was amended during 2016. As a result, the Group reclassified securities from investments at amortized cost to investments at fair value through profit or loss. Positive change in fair value of the securities during 2016 amounted to LBP10.5billion and was recorded under "Net interest and other gain/(loss) on

investment securities at fair value through profit or loss" in the consolidated statement of profit or loss (Note 30). Moreover, and in order to rebalance the fair value through profit or loss portfolio at Group level, securities in the aggregate amount of LBP63billion were classified to amortized cost portfolio.

## B. Investments at Amortized Cost:

During 2015, the Group executed sales transactions from the amortized cost securities portfolio in foreign currencies, resulting in a total gain of LBP3billion recorded under "Gain from derecognition of financial assets measured at amortized cost" in the consolidated statement of profit or loss.

During 2016, the Group entered into sale transactions of Lebanese treasury bills in Lebanese Pound having a nominal value of LBP8obillion and LBP1obillion classified at amortized cost and fair value through profit or loss, respectively, and certificates of

deposit issued by Central Bank of Lebanon in Lebanese Pound having a nominal value of LBP21obillion classified at amortized cost, concluded simultaneously with the acquisition of certificates of deposit issued by Central Bank of Lebanon in U.S. Dollar with a nominal value of USD200million maturing in years between 2023 and 2029 that were classified at amortized cost funded from the Group's treasury in foreign currencies.

The resulting surplus of the inter-related transactions indicated above, derived from the special and non-conventional deals

arrangement with the regulator, amounting to LBP118billion, net of tax in the amount of LBP20.7billion, was credited to "Regulatory deferred liability" under other liabilities in the consolidated statement of financial position. (Refer to Note 20).

At the beginning of 2016, the Group sold the pledged Lebanese treasury bills in Lebanese Pounds, having a nominal value of LBP297billion, to settle the revolving loan in the amount of LBP30obillion which matured on January 10, 2016 (Refer to Note 14). This transaction resulted in a

gain on sale (net of tax) of LBP2obillion. In line with the above and following Central Council decision dated January 26, 2016, the Group was exempted from compulsory reserves in foreign currency up to USD200million. This reserve was invested in Lebanese Government bonds and were pledged against it. Interest income on these bonds during 2016 amounted to LBP14billion (net of tax) which was offset, together with the above gain on sale, against the deferred assets account (Note 14).

### C. Investments at Fair Value through Other Comprehensive Income:

The Group has designated investments in equity securities as at fair value through other comprehensive income. The classification was chosen as the investments are expected to be held for a long time.

	<b>December 31, 2016</b>			
	<b>Cost</b>	<b>Allowance for Impairment</b>	<b>Carrying Fair Value</b>	<b>Cumulative Change in Fair Value</b>
	LBP'000	LBP'000	LBP'000	LBP'000

On November 2, 2015, Visa Inc. and Visa Europe Ltd announced an agreement for Visa Inc. to acquire Visa Europe Ltd. Consequently, the Cypriot entity booked a positive change in fair value of its investment of EUR1.7million (C/V LBP2.9billion) recorded under "Net change in fair value of investments at fair value through other comprehensive income" in the consolidated statement of profit or loss and other comprehensive income. During 2016, an additional positive change in fair value of EUR115thousand(C/V LBP191million) was recognized before the investment was fully sold. Gain on sale of LBP3.1billion was transferred from other comprehensive income to retained earnings.

## 10. CUSTOMERS' LIABILITY UNDER ACCEPTANCES

Acceptances represent documentary credits which the Group has committed to settle on behalf of its customers against commitments by those customers (acceptances). The commitments resulting from these acceptances are stated as a liability in the consolidated statement of financial position for the same amount.

## 11. ASSETS ACQUIRED IN SATISFACTION OF LOANS / INVESTMENT PROPERTIES

This section represents foreclosed real estate properties acquired through enforcement of security over loans and advances to customers.

	December 31, 2016	December 31, 2015
	LBP'000	LBP'000
Assets acquired in satisfaction of loans – Lebanon (a)	85,966,183	89,800,699
Stock of property – Foreign operations (b)	94,394,986	-
	<b>180,361,169</b>	<b>89,800,699</b>
Investment properties – Foreign operations (c)	19,077,305	77,443,175
	<b>199,438,474</b>	<b>167,243,874</b>

### (a) Assets acquired in satisfaction of loans – Lebanon:

According to the Lebanese banking regulations, the acquisition of assets in settlement of loans requires the approval of the banking regulatory authorities and these should be liquidated within 2 years. In case of default of liquidation, a regulatory reserve should be appropriated from the yearly net profits over a period of 5 or 20 years as applicable. These assets are carried at cost less impairment allowance.

The movement of assets acquired in satisfaction of loans in Lebanon was as follows:

	Cost	Impairment Allowance	Carrying Value
	LBP'000	LBP'000	LBP'000
Balance January 1, 2015	97,981,057	(9,093,538)	88,887,519
Foreclosures	2,497,352	-	2,497,352
Disposals	(1,591,640)	7,468	(1,584,172)
Balance December 31, 2015	98,886,769	(9,086,070)	89,800,699
Foreclosures	378,490	-	378,490
Disposals	(1,121,654)	38,993	(1,082,661)
Transfer to property and equipment	(3,130,345)	-	(3,130,345)
<b>Balance December 31, 2016</b>	<b>95,013,260</b>	<b>(9,047,077)</b>	<b>85,966,183</b>

During 2016, Mdawar Plot No 657 amounting to LBP3billion was transferred from assets acquired in satisfaction of loans to property and equipment, to be used as additional offices for the Bank's head office management, after getting Central Bank's approval dated October 27, 2016.

Gain on disposals of assets acquired in satisfaction of loans amounted to LBP1.4billion (LBP532million in 2015).

### **(b) Stock of property – Foreign operations:**

During 2016, the Group amended its business model with respect to real estate assets acquired from customers in the Cypriot entity. Assessment for the majority of properties previously classified as investment properties, were transferred to stock of property. This has led to a change in the measurement basis of these properties from fair value to the lower of cost and net realizable value.

The movement of stock of property was as follows:

	LBP'000
Balance January 1, 2016	-
Transfers from investment properties	59,077,406
Foreclosures	36,805,914
Effect of exchange rates changes	(1,488,334)
<b>Balance December 31, 2016</b>	<b>94,394,986</b>

### **(c) Investment properties:**

The table below shows the reconciliation of the carrying amounts of foreclosed assets acquired by the Group's foreign entity and presented as investment properties:

	LBP'000
Balance January 1, 2015	56,402,506
Foreclosures	29,478,488
Revaluation loss	(2,388,213)
Effect of exchange rates changes	(6,049,606)
Balance December 31, 2015	77,443,175
Foreclosures	4,160,131
Transfers to stock of property	(59,077,406)
Revaluation loss	(950,806)
Effect of exchange rates changes	(2,497,789)
<b>Balance December 31, 2016</b>	<b>19,077,305</b>

Investment properties are categorized as Level 3 fair values since they are based on real estate market values made by independent real estate experts.

During 2015, the Group's Cypriot entity acquired 75% equity stake in an entity having a primary activity of holding and administering a commercial property held under a long-term lease. The property and the respective finance lease obligation amounted to LBP26billion (C/V EUR16million) and LBP6.6billion (Note 20) respectively. Out of the LBP26billion, LBP7billion was classified under owned properties to be used as a new head office for the Cypriot entity (Note 12). Interest expense on finance lease obligation during 2016 amounted to LBP470million (LBP325million during 2015) (Note 27).

## 14. DEFERRED ASSETS

This caption consists of the following:

	<b>December 31, 2016</b>	<b>December 31, 2015</b>
	LBP'000	LBP'000
Deferred assets on business acquisition (a)	-	1,027,819
Deferred assets against future cash flows (b)	26,935,864	61,944,371
	<b>26,935,864</b>	<b>62,972,190</b>

(a) The movement during the years 2016 and 2015 of deferred assets on business acquisition, which resulted in previous years from acquiring the shares of Lati Bank S.A.L., was as follows:

	LBP'000
Balance January 1, 2015	2,629,333
Amortization for the year	(1,601,514)
Balance, December 31, 2015	1,027,819
Amortization for the year	(1,027,819)
<b>Balance December 31, 2016</b>	<b>-</b>

(b) Net outstanding deferred assets against future cash flows amounting to LBP27billion correspond to the Bank's Cypriot subsidiary's carried over losses incurred since the crisis in Cyprus occurred up to December 31, 2015. These deferred assets are offset against future economic benefits derived from the low yield funding amounting to LBP300million provided by the Central Bank of Lebanon referred to in Note 19, which was redeemed and replaced by exemption from compulsory reserves up to USD200million during 2016. Proceeds of the loan and the compulsory reserves are invested in fixed income securities. The return on these debt securities is appropriated to deferred assets.

The movement of deferred assets against future cash flows during the years 2016 and 2015 was as follows:

	<b>2016</b>	<b>2015</b>
	<b>Counter Value in LBP</b>	<b>Counter Value in LBP</b>

## 15. GOODWILL

Goodwill resulted from acquiring control of USB Bank PLC (Cyprus) on January 31, 2011.

The recoverable amount of the goodwill allocated to the Cypriot banking unit was estimated at EUR3.7million.

The movement of goodwill during 2016 and 2015 was as follows:

	EURO	Counter Value in LBP LBP'000
Balance as at January 1, 2015	3,681,188	6,750,818
Effect of exchange rates changes	-	(689,227)
Balance as at December 31, 2015	3,681,188	6,061,591
Effect of exchange rates changes	-	(185,347)
<b>Balance as at December 31, 2016</b>	<b>3,681,188</b>	<b>5,876,244</b>

## 16. OTHER ASSETS

This caption consists of the following:

	December 31, 2016 LBP'000	December 31, 2015 LBP'000
Prepayments	12,583,154	13,315,123
Commission receivable	1,005,481	1,210,227
Collateral on dealings with "Visa International"	1,828,414	1,809,462
Sundry debtors (Net)	10,264,695	11,575,140
Regulatory blocked deposit	4,500,000	4,500,000
Fair value of forward exchange contracts	24,728	-
	<b>30,206,472</b>	<b>32,409,952</b>

Sundry debtors are stated net of impairment allowance of LBP3.24billion as at December 31, 2016 and 2015 against advances made in previous years for renovation of the Bank's branches.

Regulatory blocked deposit represents a non-interest earning compulsory deposit placed with the Lebanese Treasury upon the establishment of the subsidiary investment bank during 2012. This deposit is refundable in case of cease of operations, according to article 132 of the Lebanese Code of Money and Credit.

Deposits from customers include coded deposit accounts in the aggregate amount of LBP89billion as at December 31, 2016 (LBP92billion as at December 31, 2015). These accounts are subject to the provisions of Article 3 of the Banking Secrecy Law dated September 3, 1956 which stipulates that the Bank's management, in the normal course of business, cannot reveal the identities of these depositors to third parties, including its independent public accountants.

Deposits from customers include fiduciary deposits received from resident and non-resident banks for a total amount of LBP41billion and LBP485billion respectively as at December 31, 2016 (LBP40billion and LBP374billion respectively as at December 31, 2015).

The average balance of deposits and related cost of funds over the last 3 years were as follows:

Year	DEPOSITS IN LBP		DEPOSITS IN F/CY		Cost of Funds LBP
	Average Balance of Deposits LBP'000	Average Interest Rate %	Average Balance of Deposits LBP'000	Average Interest Rate %	
2016	2,538,000,000	5.69	4,373,000,000	3.22	285,665,273
2015	2,537,000,000	5.70	4,083,000,000	3.09	270,510,289
2014	2,430,000,000	5.70	4,030,000,000	2.97	258,192,967

## 19. OTHER BORROWINGS

	December 31, 2016	December 31, 2015
	LBP'000	LBP'000
Soft loans from Central Bank of Lebanon (a)	17,734,000	66,499,500
Borrowings from Central Bank of Lebanon (b)	387,050,712	474,949,740
Revolving loan from Central Bank of Lebanon (c)	-	300,000,000
Other borrowings (d)	6,422,111	2,261,250
Accrued interest payable	167,997	4,324,146
	<b>411,374,820</b>	<b>848,034,636</b>

(a) On August 18, 2011 the Bank was granted a soft loan in the amount of LBP48.8billion from the Central Bank of Lebanon for a period of 5 years matured on August 11, 2016. On March 29, 2012, the Bank was granted another soft loan in the amount of LBP17.7billion from the Central Bank of Lebanon for a period of 7 years maturing on March 21, 2019. This loan is collateralized by Lebanese treasury bills (Note 9).

(b) On July 13, 2011 the Bank obtained a Stand-by Line facility from the Central Bank of Lebanon with a limit reaching USD200million out of which USD110million (C/V LBP165.8billion) have been utilized as at December 31, 2015. The facility was collateralized by Lebanese government bonds and during the year 2016, the outstanding balance was settled by the Bank and the facility was closed.

Outstanding facilities granted from the Central Bank of Lebanon in the amount of LBP387billion (LBP309billion as at December 31, 2015) are in accordance with Central Bank of Lebanon Basic Decision No. 6116 of March 7, 1996 and its amendments by which the Bank benefited from credit facilities granted against loans the Bank has granted, on its own responsibility, to its customers, pursuant to certain conditions, rules and mechanism. This facility is collateralized by Lebanese treasury bills (Note 9).

(c) On December 30, 2013, the Bank obtained a revolving loan from the Central Bank of Lebanon in the amount of LBP300billion for a period of one year maturing on December 31, 2014 and renewable for one additional year. This loan bears an average interest rate of 2.5% per annum and is collateralized by Lebanese treasury bills (Note 9). The purpose of this loan is to provide low cost funding that allows the Bank to generate positive spread over short term facilities expandable at the request of the borrower. This revolving loan matured and was settled in January 2016.

(d) Other borrowings include a loan for USD5million (C/V LBP7.54billion) obtained from a non-resident specialized investment fund on December 28, 2011. The proceeds of the loan are destined to fund micro, small, and medium enterprises in Lebanon and it is repaid over 5 years through 10 semi-annual payments of USD500,000 each, starting July 2012. USD500,000 was outstanding as at December 31, 2016 (USD1.5million as at December 31, 2015).

Other borrowings also include a facility granted by the Arab Trade Financing Program (ATFP) on January 7, 2011 with a limit of USD4million for unconfirmed line of credit. This facility was granted to enhance trade between Arab countries.

The remaining contractual maturities of all above borrowings are as follows:

	2016	2015
	LBP'000	LBP'000
Up to 1 year	6,590,108	520,422,146
1 to 3 years	17,734,000	753,750
3 to 5 years	-	17,734,000
Over 5 years	387,050,712	309,124,740
	<b>411,374,820</b>	<b>848,034,636</b>

## 20. OTHER LIABILITIES

This caption consists of the following:

	December 31, 2016	December 31, 2015
	LBP'000	LBP'000
Withheld taxes	4,023,873	4,310,294
Deferred tax liability on accrued interest receivable	1,822,720	2,100,868

Deferred tax liability on other comprehensive income	1,338,560	1,211,397
Other deferred taxes	239,552	21,840
Due to the National Social Security Fund	669,766	648,036
Checks and incoming payment orders in course of settlement	17,897,578	26,202,464
Blocked capital subscriptions for companies under incorporation	619,764	402,195
Accrued expenses	15,087,685	16,596,020
Financial guarantees	765,674	674,344
Payable to personnel and directors	6,459,040	6,841,742
Sundry accounts payable	23,168,622	23,945,320
Income tax liability (b)	12,273,015	7,283,916
Finance lease obligation (Note 11)	6,506,123	6,575,635
Fair value of forward exchange contracts	-	121,798
Deferred income	650,916	147,199
Regulatory deferred liability (a)	117,511,478	-
Tax payable on deferred contribution (a)	20,737,320	-
	<b>230,119,046</b>	<b>97,337,474</b>

(a) In accordance with the Central Bank of Lebanon Intermediary Circular number 446 dated December 30, 2016, banks should record the surplus derived from sale of treasury bills and certificates of deposit in Lebanese Pound against investment in medium and long term certificates of deposit in foreign currency issued by the Central Bank of Lebanon under deferred liability which is regulated in nature, and shall be appropriated, among other things, after deducting the relevant tax liability, to collective provision for credit risks associated with the loan book at a minimum of 2% of the weighted credit, and that in anticipation of implementation of IFRS 9 for Impairment, as and when quantified effective on January 1, 2018. By virtue of this Circular, 70% of the remaining residual surplus once recognized over time shall be treated as non-distributable income designated and restricted only for appropriation to capital increase.

During the year 2016, as a result of several transactions derived from the special and non-conventional deals arrangement with the Central Bank of Lebanon, the Group received a surplus of LBP118billion, net of tax in the amount of LBP20.7billion, which was credited to "Regulatory deferred liability" under other liabilities and deferred as restricted contribution in anticipation of expected loss provisions that will be deemed to be necessary along with the application of IFRS 9 in accordance with the Central Bank of Lebanon requirements as indicated above (Refer to Note 9).

(b) Below is the reconciliation of income tax expense:

	<b>2016</b>	<b>2015</b>
	LBP'000	LBP'000
Profit before tax	83,776,130	81,078,976
Income tax on enacted applicable rates	17,446,737	14,606,371
Effect of non-deductible expense and non-taxable income	(5,043,454)	(37,643)
Income tax expense	12,403,283	14,568,728
Less: Tax paid in advance	(8,753,765)	(9,849,026)
Additional income tax payable upon derecognition of pledged securities	5,802,353	-
Other	2,821,144	2,564,214
<b>Income tax liability</b>	<b>12,273,015</b>	<b>7,283,916</b>

## 21. PROVISIONS

Provisions consist of the following:

	<b>December 31, 2016</b>	<b>December 31, 2015</b>
	LBP'000	LBP'000
Provision for staff end-of-service indemnity (a)	5,876,375	5,650,929
Provision for contingencies (b)	1,964,204	3,209,493
Provision for loss on foreign currency position	105,778	32,309
	<b>7,946,357</b>	<b>8,892,731</b>

(a) The movement of the provision for staff end-of-service indemnity was as follows:

	<b>December 31, 2016</b>	<b>December 31, 2015</b>
	LBP'000	LBP'000
Balance January 1	5,650,929	5,448,341
Additions - net (Note 34)	701,022	345,016
Additions - Legal expenses and sundry charges	-	48,622
Settlements	(475,576)	(191,050)
<b>Balance December 31</b>	<b>5,876,375</b>	<b>5,650,929</b>

Additions are netted by LBP976million representing estimated interest income accumulated by the Lebanese National Social Security Fund (LBP900million during 2015).

(b) The movement of the provision for contingencies was as follows:

	<b>2016</b>	<b>2015</b>
	LBP'000	LBP'000
Balance January 1	3,209,493	3,094,047
Additions	307,350	525,938
Settlements	(878,922)	-
Write-back	(653,118)	-
Write-off against devaluation in investment	-	(299,798)
Effect of exchange rates changes	(20,599)	(110,694)
<b>Balance December 31</b>	<b>1,964,204</b>	<b>3,209,493</b>

## 22. SHARE CAPITAL

On June 3, 2016, the Extraordinary General Assembly of shareholders resolved to increase the Bank's capital by LBP6obillion through issuing common shares having a par value of LBP1,000 each which was subscribed through transferring LBP45billion and LBP15billion from legal reserves and free reserves, respectively. This capital increase was approved by the Central Council of the Central Bank of Lebanon on July 20, 2016.

At December 31, 2016, the Bank's ordinary share capital consists of 213,100,000 fully paid shares of LBP1,000 par value each (152,700,000 fully paid shares of LBP1,000 as at December 31, 2015).

As at 2016 year-end, the Bank has a fixed exchange position in the amount of USD122,508,656, authorized by the Central Bank of Lebanon, to hedge its equity against exchange fluctuations within the limit of 60% of equity denominated in Lebanese Pound (USD58,426,898 as at 2015 year-end).

## 23. PREFERRED SHARES

<b>Tier I Non-Cumulative Perpetual Redeemable preferred shares</b>					
	<b>Issued Date</b>	<b>Number of Shares</b>	<b>Expected Annual Return</b>	<b>December 31, 2016</b>	<b>December 31, 2015</b>
	YEAR		%	LBP'000	LBP'000
Series "A"	2010	400,000	7.00	-	60,300,000
Series "B"	2011	550,000	7.00	82,912,500	82,912,500
Series "C"	2013	350,000	6.75	52,762,501	52,762,501
Series "D"	2016	750,000	6.75	113,062,500	-
				<b>248,737,501</b>	<b>195,975,001</b>

The above shares are Tier I Non-Cumulative Perpetual Redeemable preferred shares at an issue price of USD100 per share with a nominal value of LBP1,000 each.

The preferred shares may be redeemed during the 60 days period following the annual general meeting held to approve the financial statements after 5 years for the related issue date for Series A, B, C and D respectively and each subsequent year thereafter.

## 24. RESERVES

	December 31, 2016	December 31, 2015
	LBP'000	LBP'000
Legal reserve (a)	7,524,317	45,758,135
Reserve for general banking risks (b)	64,965,120	56,852,380
Special reserve for loans and advances (c)	3,403,478	2,703,478
Free reserves	49,629,972	62,817,044
General reserve for performing loans (d)	3,000,000	945,000
	<b>128,522,887</b>	<b>169,076,037</b>
Regulatory reserve for assets acquired in satisfaction of loans (Note 11)	46,864,449	37,436,066
	<b>175,387,336</b>	<b>206,512,103</b>

(a) The legal reserve is constituted in conformity with the requirements of the Lebanese Money and Credit Law on the basis of 10% of the yearly net profits. This reserve is not available for distribution.

(b) The reserve for general banking risks is constituted according to local banking regulations, from net profit, on the basis of a minimum of 2 per mil and a maximum of 3 per mil of the total risk weighted assets, off-balance sheet risk and global exchange position as defined for the computation of the solvency ratio at year-end. The cumulative reserve should not be less than 1.25% at the end of the 10th year (2007) and 2% at the end of the 20th year.

(c) Based on Central Bank of Lebanon circular 73 and Banking Control Commission memo 12/2010 relating to reserve allocation for doubtful debts, the Bank has allocated an amount of LBP3.4billion to special reserve for the uncovered portion of its doubtful debts outstanding as at June 30, 2003 and not yet resolved.

(d) In compliance with the basic circular no. 81 issued by the Central Bank of Lebanon, the Bank is required to transfer from net profit to general reserve for performing loans the equivalent of:

- 0.5% of retail loans that are less than 30 days past due (subject to deductions of some guarantees received) to general reserve for the year 2014 in addition to a percentage of 0.5% yearly over a six year period starting 2015.

- 0.25% of performing corporate loans to general reserve as of end of 2014. This reserve should increase to 0.5% as of end of 2015, 1% as of end of 2016 and 1.5% as of end of 2017. The Bank is exempted from this general reserve if the balance of collective provision is not less than 0.25% of the performing corporate loans portfolio as of end of 2014, 0.5% as of end of 2015, 1% as of end of 2016 and 1.5% as of end of 2017.

## 25. DIVIDENDS PAID

The Bank's General Assembly held on June 3, 2016 resolved to distribute preferred shares earnings in the amount of LBP15.4billion.

The Bank's General Assembly held on May 12, 2015 resolved to distribute preferred and regular shares earnings in the amount of LBP13.6billion and LBP19.9billion respectively.

## 26. INTEREST INCOME

This caption consists of the following:

	2016 LBP'000	2015 LBP'000
<b>Interest income from:</b>		
Deposits with central banks	23,906,392	21,979,888
Deposits with banks and financial institutions	2,385,251	1,797,076
Deposits with a related bank	154,595	145,569
Loan to a bank	112,257	130,008
Investment securities (excluding FVTPL)	236,179,472	228,539,779

Insurance	1,252,569	1,378,607
Advertising and publicity	4,880,535	5,017,204
Public relations and entertainment	750,563	364,170
Printing and stationery	967,197	1,169,384
Subscriptions	2,407,261	2,162,374
Travel	723,760	547,200
Donations	50,109	60,988
Software implementation fees	71,529	103,789
Credit card expenses	1,305,037	1,290,586
Money transport	1,194,084	1,341,722
Cleaning	765,436	781,529
Guards Expenses	527,557	516,887
Miscellaneous expenses	3,547,966	2,804,919
	<b>41,750,543</b>	<b>42,646,247</b>

Legal and professional fees include an amount of LBP226million representing various services provided by the parent bank during 2016 and 2015.

### **34. EARNINGS PER SHARE**

---

The computation of the basic earnings per share is based on the Group's net profit before non-recurring income, net of dividends to preferred shareholders and the weighted average number of outstanding shares during each year held by the Group. Following current year capital increase, the weighted average number of shares used for the purpose of computing basic and diluted earnings per share is 187,616,164 shares in 2016 (152,700,000 shares in 2015).

Basic and diluted earnings per share are LBP298 in 2016 (LBP268 in 2015).

### **35. FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISKS**

---

The guarantees and standby letters of credit and the documentary and commercial letters of credit represent financial instruments with contractual amounts representing credit risk. The guarantees and standby letters of credit represent irrevocable assurances that the Group will make payments in the event that a customer cannot meet its obligations to third parties and are not different from loans and advances on the statement of financial position. However, documentary and commercial letters of credit which represent written undertakings by the Group on behalf of a customer authorizing a third party to draw drafts on the Group up to a stipulated amount under specific terms and conditions, are collateralized by the underlying shipment documents of goods to which they relate and, therefore, have significantly less risks.

Forward exchange contracts outstanding as of December 31, 2016 and 2015 represent positions held for customers' accounts. The Group entered into such instrument to serve the needs of customers, and these contracts are fully hedged by the Group.

### **36. FIDUCIARY ACCOUNTS**

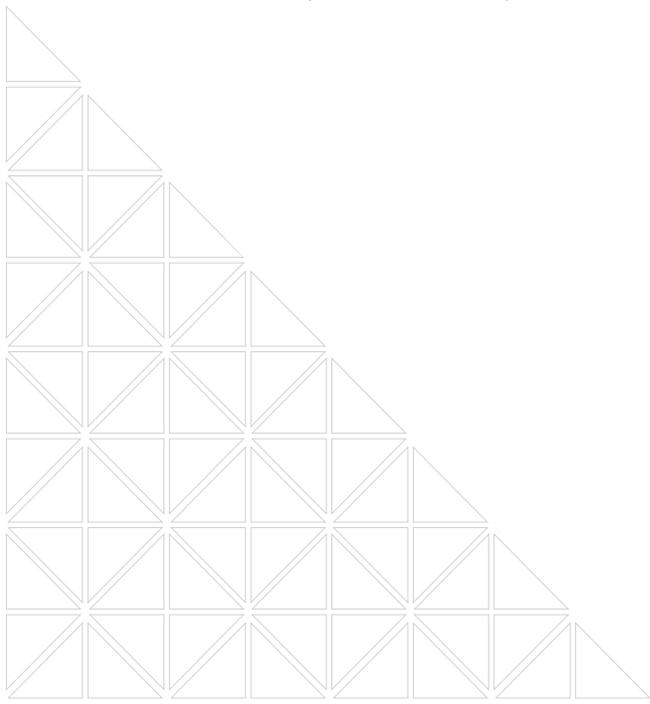

---

Fiduciary deposits include deposits invested in back-to-back lending and are related to resident lenders and borrowers in addition to fiduciary deposits held or invested on behalf of the Group's customers on a non-discretionary basis. The risks and rewards of the related operations belong to the account holders.

### **37. ASSETS UNDER MANAGEMENT**

---

Assets under management represents BLC Income Fund 1 whose total assets outstanding as at December 31, 2016 amount to LBP17.6billion whereby the Group acts as the fund manager. Management fees equivalent to 1% of the average net asset value of the fund paid during 2016 amounted to LBP129million are recorded under "Commissions on capital market transactions" (Note 28).

### 38. CASH AND CASH EQUIVALENTS

Cash and cash equivalents for the purpose of the statement of cash flows consist of the following:

	December 31, 2016	December 31, 2015
	LBP'000	LBP'000
Cash on hand	46,187,064	46,961,037
Deposits with central banks (excluding compulsory deposits)	166,623,316	100,965,568
Term placements with central banks (with original maturity of less than 3 months)	299,529,641	40,466,400
Purchased checks	17,928,574	36,073,038
Current accounts with correspondents	209,405,155	139,449,086
Current accounts with related banks and financial institutions	12,442,655	20,428,431
Current accounts with the parent bank	3,888,936	3,539,254
Term placements with correspondents (with original maturity of less than 3 months)	166,866,169	196,910,305
	<b>922,871,510</b>	<b>584,793,119</b>

Major non-cash transactions excluded from the statement of cash flows for the years ended December 31, 2016 and 2015 are summarized as follows:

- (a)** Positive change in fair value of investments as at fair value through other comprehensive income of LBP982million and related deferred tax liability of LBP127million (positive change in fair value of LBP3.57billion and related deferred tax liability of LBP106million during 2015).
- (b)** Assets and investment properties acquired

in satisfaction of loans in the amount of LBP41.3billion (LBP31.97billion in 2015).

- (c)** Write back of provision on recovered debt recorded as deferred asset against loans and advances in the amount of LBP10billion in 2015.
- (d)** Property revaluation surplus recorded against property and equipment in the amount of LBP213million (LBP169million in 2015).
- (e)** Transfer of LBP34million from property and equipment to intangible assets in 2015.

**(f)** Transfer of LBP3.1billion from assets acquired in satisfaction of loans to property and equipment in 2016.

**(g)** Net transfers of LBP231billion between investments at fair value through profit or loss and investments held at amortized cost.

**(h)** Deferred charges in the amount of LBP35billion were written-down against interest income in the amount of LBP17billion, interest expense in the amount of LBP208million, and investments at amortized cost LBP17.9billion.

## 39. SEGMENT INFORMATION

---

A segment is a distinguishable component of the Group that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

The Group's reportable segments are as follows:

### **Resident:**

a. Corporate banking - includes services provided in relation to loans and other credit facilities and deposits and current accounts for corporate and institutional customers.

b. Retail banking - includes retail lending and deposits, banking services, insurance brokerage services, overdrafts, credit card facilities, and funds transfer facilities.

c. Treasury - includes treasury management, correspondent banking, proprietary trading, managing reserve and capital requirements, asset/liability management, and foreign exchange transactions.

d. Private banking - includes the operations with private banking clients including fiduciary deposits, equities and bonds trading and others.

e. Others - includes Group's capital, income from sale of assets, soft loans and revolving loan from Central Bank of Lebanon, depreciation, and other income and expenses.

### **Non-Resident:**

The Group's subsidiary in Cyprus operates in a single segment and information is provided for management on that basis.

Lebanese treasury bills	338,437,440	Revolving	387,050,712	Facilities from Central Bank of Lebanon	35,744,910

## 41. FINANCIAL RISK MANAGEMENT

In the ordinary course of business, the Group is exposed to various risks which are managed and maintained at each Group entity level by applying its own processes of identification, measurement and monitoring.

### A. Credit Risk

Credit risk is the risk of financial loss to the Group if counterparty to a financial instrument fails to discharge an obligation. Financial assets that are mainly exposed to credit risk are deposits with banks, loans and advances to customers and investment securities. Credit risk also arises from off-balance sheet financial instruments such as letters of credit and letters of guarantee.

Concentration of credit risk arises when a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentration of credit risk indicates the relative sensitivity of the Group's performance affecting a particular industry or geographical location.

#### 1. Management of Credit Risk

The Board of Directors has the responsibility to approve the general credit policy as recommended by the Credit Committee.

The Credit Committee has the responsibility for the development of the credit function strategy and implementing principles, frameworks, policies and limits.

#### 2. Measurement of Credit Risk

##### (a) Loans and advances to customers

The commercial and consumer credit extension divisions manage credit risk based on the risk profile of the borrower, repayment source and the nature of the underlying collateral given current events and conditions.

Assessment of the credit risk profile of an individual counterparty is based on an analysis of the borrower's financial position in conjunction with current industry, economic and macro geopolitical trends. As part of the overall credit risk assessment of a borrower, each credit exposure or transaction is assigned a risk rating and is subject to the Credit Committee's approval based on defined credit approval standards. Subsequent to loan origination, risk ratings are adjusted on an ongoing basis, if necessary, to reflect changes in the obligor's financial condition, cash flows or ongoing financial viability.

The Group assesses the probability of default of individual counterparties and classifies these commitments to reflect the probability of default as listed below:

**Watch List:** Debts that are not impaired but for which management determines that they require special monitoring due to a deficiency in the credit file regarding collateral, financial position or profitability.

**Past due but not impaired:** Debts where contractual interest or principal are past due but management believes that classification as impaired is not appropriate on the basis of the level of collateral available and the stage of collection of amounts owed.

**Rescheduled debts:** Debts that have been restructured after they have been classified as substandard or doubtful and where the Group has made concessions that it would not otherwise consider. Once a loan is restructured, the last classification as substandard or doubtful does not change.

**Substandard debts:** Debts that have characteristics such as significant deterioration in profitability and cash flows for a long period and in collateral, the occurrence of recurring delays in settlement of maturing payments, or which facilities are not utilized for the purpose they were intended for.

**Doubtful or bad debts:** Debts that have the characteristics of substandard debts, in addition to being considered to be at a higher degree of risk due to the continued deterioration of the debtor's situation and

the adequacy of collateral, the discontinuity of deposit movement or repayment, or no respect of the maturities of the rescheduling of the debt for a period exceeding 3 months from maturity date. The debt becomes bad when the expected amount to be collected is nil or negligible.

The Group establishes an allowance for impairment that represents its estimate of incurred losses in its loan portfolio. The main components of this allowance are a specific loss component that relates to individually significant exposures and a collective loan loss allowance established in respect of losses that management considers have been increased but not been identified as loans subject to individual assessment for impairment.

The Group writes off a loan / security balance (and any related allowances for impairment losses) when it determines it will not be collectible. This determination is reached after considering information such as the occurrence of significant changes in the borrower / issuer's financial position such as the borrower / issuer can no longer pay the obligation, or that proceeds from collateral will not be sufficient to pay back the entire exposure or financial instruments.

### **(b) Debt securities**

The risk of the debt instruments included in the investment portfolio relates mainly to sovereign risk.

### **3. Risk Mitigation Policies**

The Group mainly employs collateral to mitigate credit risk. The principal collateral types for loans and advances are:

- Pledged deposits;
- Mortgages over real estate properties (land, commercial and residential properties);
- Bank guarantees.

Collateral generally is not held over loans and advances to banks, except when securities are held as part of a reverse repurchase and securities borrowing activity. Collateral usually is not held against investment securities.

### **4. Financial assets with credit risk exposure and related concentrations**

#### **(a) Exposure to credit risk and concentration by counterparty:**

The tables below reflect the Group's exposure to credit risk by counterparty segregated between the categories of deposits with banks and financial institutions and loans and advances:

#### **(a.1) Distribution of deposits with banks and financial institutions by brackets:**

	December 31, 2016			December 31, 2015		
	Balance	% to Total	No. of Counterparties	Balance	% to Total	No. of Counterparties
	LBP'000	%		LBP'000	%	
Less than LBP5billion	27,947,922	6	38	40,076,868	9	38
From LBP5billion to LBP15billion	101,036,820	23	11	57,604,028	12	7
From LBP15billion to LBP30billion	51,411,950	12	3	135,407,039	29	8
From LBP30billion to LBP50billion	264,607,691	59	5	232,904,910	50	5

## **B. Liquidity Risk**

Liquidity risk is the risk that the Group will be unable to meet its net funding requirements. Liquidity risk can be caused by market disruptions or credit downgrades, which may cause certain sources of funding to dry up immediately.

### **1. Management of liquidity risk**

Liquidity management involves maintaining ample and diverse funding capacity, liquid assets and other sources of cash to accommodate fluctuations in asset and liability levels due to changes in their business operations or unanticipated events. Through Assets and Liabilities Committee, the Board of Directors is responsible for establishing the liquidity policy as well as approving operating and contingency procedures and monitoring liquidity on an ongoing basis. The treasury department is responsible for planning and executing their funding activities and strategy.

Liquidity management and business unit activities are managed consistent with a strategy of funding stability, flexibility and diversity. It includes:

- Day-to-day funding managed by monitoring future cash flows to ensure that requirements can be met;
- Maintenance of a portfolio of liquid and marketable assets;
- Daily and forecast cash flow management;
- Implementation of long-term funding strategies.

The cumulative impact of these various elements is monitored on at least monthly basis by ALCO. Monitoring and reporting take the form of cash flow measurement and projections. The starting point for those projections is an analysis of the contractual maturity of the financial liabilities and the expected collection data of the financial assets.

### **2. Exposure to liquidity risk**

#### ***Regulatory requirements***

The Group ensures that it is in compliance with the liquidity limits in Lebanese Pound and foreign currencies as established by the Central Bank of Lebanon.

The table below shows the allocation of major monetary liabilities based on the earliest possible contractual maturity (undiscounted values). The expected maturities vary significantly from the contractual maturities namely with regard to customers' deposits.

## C. Market Risk

The market risk is the risk that the fair value or future cash flows of a financial instrument will be affected because of changes in market prices such as interest rate, equity prices, foreign exchange and credit spreads.

### Currency risk

Foreign exchange risk represents exposures to changes in the values of current holdings and future cash flows denominated in other currencies. The types of instruments exposed to this risk include investments in foreign currency denominated loans, foreign currency denominated securities, future cash flows in foreign currencies arising from foreign exchange transactions, and foreign currency denominated debt.

### Exposure to foreign exchange risk:

Below is the carrying value of assets and liabilities segregated by major currencies to reflect the Group's exposure to foreign currency exchange risk at year end:

### Interest rate risk

Interest rate risk represents exposures to instruments whose values vary with the level of volatility of interest rates. These instruments include, but are not limited to, loans, debt securities, certain trading-related assets and liabilities, deposits, borrowings and derivative instruments. Interest rate repricing gap is used to estimate the impact on earnings of an adverse movement in interest rates.

### Exposure to Interest rate risk

Below is a summary of the Group's interest rate gap position on major financial assets and liabilities reflected at carrying amounts at year end by repricing time bands:

	Weighted Average Interest rate %	December 31, 2016						
		Not Subject to Interest LBP'000	Less than 3 Months LBP'000	3 Months to 1 Year LBP'000	1 to 3 Years LBP'000	3 to 5 Years LBP'000	Over 5 Years LBP'000	Total LBP'000
<b>ASSETS</b>

## 42. COMMITMENTS AND CONTINGENCIES

The Group is defendant in lawsuits filed by different parties amounting to around USD3.3million. According to the Group's legal advisors, the outcome of these claims cannot be reliably assessed at present.

The Bank's tax returns for the years 2012 to 2016 and social security declarations for the years 2007 to 2014 are still subject to review by the relevant tax and social security authorities. Any additional tax liability depends on the outcome of such reviews.

## 43. CAPITAL MANAGEMENT

The Group manages its capital to comply with the capital adequacy requirements set by Central Bank of Lebanon.

Central Bank of Lebanon requires each bank or banking group to hold a minimum level of regulatory capital of LBP10billion for the head office and LBP500million for each local branch.

The Group's capital is split as follows:

Tier I capital: Comprises share capital

(common and preferred), premium on preferred shares, reserves from appropriation of profits, retained earnings after deductions for goodwill and intangible assets and other regulatory adjustments. Tier II capital: Comprises 50% cumulative change in fair value for investments classified at fair value through other comprehensive income and other regulatory reserves.

The Group's consolidated capital adequacy ratio was as follows:

	<b>December 31, 2016</b>	<b>December 31, 2015</b>
	LBPMILLION	LBPMILLION
Common equity Tier I	525,818	478,329
Additional Tier I capital	249,754	196,359
	<b>775,572</b>	<b>674,688</b>
Tier II capital	75,575	4,848
Total regulatory capital	<b>851,147</b>	<b>679,536</b>
Credit risk	4,334,286	4,005,737
Market risk	418,250	178,039
Operational risk	436,093	429,385
Risk-weighted assets and risk-weighted off-balance sheet items	<b>5,188,629</b>	<b>4,613,161</b>
Equity Tier I ratio	10.13%	10.37%
Tier I capital ratio	14.95%	14.62%
<b>Risk based capital ratio- Tier I and Tier II capital</b>	<b>16.40%</b>	<b>14.73%</b>

#### 44. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

The following table shows the carrying amounts and fair values of financial assets and liabilities recognized in the consolidated financial statements, including their levels in the fair value hierarchy. It does not include financial assets and financial liabilities which are not measured at fair value and where the directors consider that the carrying amounts of these financial assets and liabilities are reasonable approximations of their fair value:

December 31, 2016

	<b>6,687,571,767</b>	<b>-</b>	<b>6,711,559,487</b>	<b>30,581,361</b>	<b>6,742,140,848</b>
<b>FINANCIAL LIABILITIES NOT MEASURED AT FAIR VALUE</b>					
Other borrowings	17,734,000	-	14,371,649	-	14,371,649
	<b>17,734,000</b>	<b>-</b>	<b>14,371,649</b>	<b>-</b>	<b>14,371,649</b>

There have been no transfers between Level 1, Level 2 and Level 3 during the year.

The directors consider that the carrying amounts of cash, compulsory and other short term deposits with Central Bank of Lebanon, deposits from banks and accounts payable approximate their fair values due to the short-term maturities of these instruments. For customers' accounts, this is largely due to their short term contractual maturities.

## Valuation techniques, significant unobservable inputs, and sensitivity of the input to the fair value

The following table gives information about how the fair values of financial instruments included in the consolidated financial statements, are determined (Level 2 and Level 3 fair values) and significant unobservable inputs used:

<i>Financial instruments</i>	<i>Date of valuation</i>	<i>Valuation technique and Key input</i>	<i>Significant unobservable inputs</i>
Lebanese treasury bills	31-Dec-15&16	DCF at a discount rate determined based on the yield curve applicable to Lebanese treasury bills, adjusted for illiquidity.	N/A
Certificates of deposits in LBP issued by Central Bank of Lebanon	31-Dec-15&16	DCF at a discount rate determined based on the yield curve applicable to Lebanese treasury bills, adjusted for illiquidity.	N/A
Certificates of deposits in foreign currencies issued by Central Bank of Lebanon	31-Dec-15&16	DCF at discount rates determined based on observable yield curves at the measurement date.	N/A
Lebanese Government bonds	31-Dec-15&16	DCF at discount rates determined based on the yield on USA treasury bills and the Credit Default Swap applicable to Lebanon subject to illiquidity factor.	N/A
Term placements with Central Bank of Lebanon	31-Dec-15&16	DCF at a discount rate determined based on the yield on USA treasury bills and the Credit Default Swap applicable to Lebanon subject to illiquidity factor. DCF at discount rates determined based on the average rate of return of the receivables bearing fixed interest rate for more than one year.	N/A
Foreign Government Bonds	31-Dec-15&16	Quoted prices for similar assets in active markets	N/A
Mutual funds	31-Dec-15&16	Net earnings of the fund	Net earnings
Bancassurance S.A.L.	31-Dec-15&16	Multiple earnings	4.5 times earnings
Other unquoted equities at fair value through other comprehensive income	31-Dec-15&16	N/A	N/A
Other borrowings	31-Dec-15&16	DCF at discount rates determined based on the average rate of return of the payables bearing fixed interest rate for more than one year	N/A

## **45. RELATED PARTY TRANSACTIONS**

---

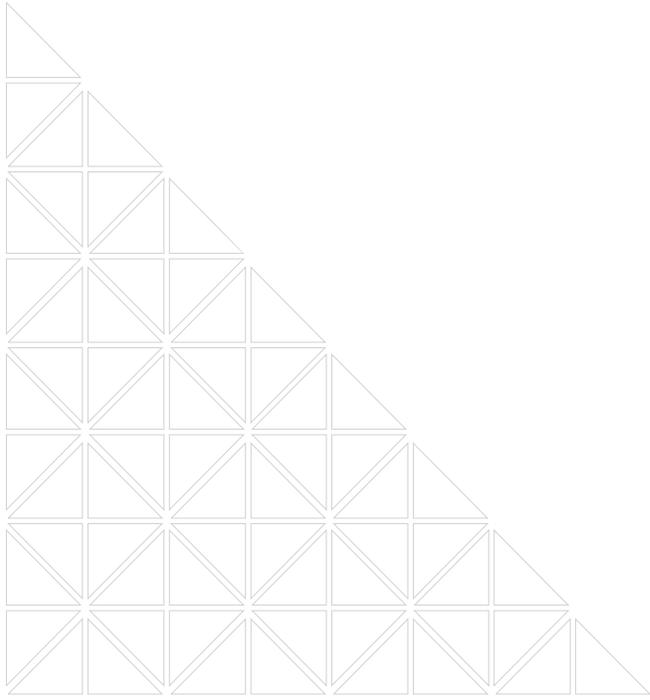

In the ordinary course of business, the Group carries on transactions with subsidiaries and related parties, balances of which are disclosed in the statement of financial position in Notes 6, 8, 17 and 18 and in the statement of profit or loss in Notes 26, 27, 28, 32, and 33.

Remuneration to executive management paid during 2016 amounted to LBP5.1billion (LBP5.67billion in 2015).

## **46. APPROVAL OF THE CONSOLIDATED FINANCIAL STATEMENTS**

---

The consolidated financial statements for the year ended December 31, 2016 were approved by the Board of Directors in its meeting held on June 6, 2017.
